The Existentialist's Survival Guide Gordon Marino, 2024-02-27 A motivational and inspirational guide to living in the twenty first century when every crisis feels like an existential crisis An honest and moving book of self help for readers generally disposed to loathe the genre The Wall Street Journal's ren Kierkegaard Friedrich Nietzsche Jean Paul Sartre and other towering figures of existentialism grasped that human beings are at heart moody creatures susceptible to an array of psychological setbacks crises of faith flights of fancy and other emotional ups and downs Rather than understanding moods good and bad alike as afflictions to be treated with pharmaceuticals this swashbuckling group of thinkers generally known as existentialists believed that such feelings not only offer enduring lessons about living a life of integrity but also help us discern an inner spark that can inspire spiritual development and personal transformation To listen to Kierkegaard and company how we grapple with these feelings shapes who we are how we act and ultimately the kind of lives we lead In The Existentialist's Survival Guide Gordon Marino director of the Hong Kierkegaard Library at St Olaf College and boxing correspondent for The Wall Street Journal recasts the practical takeaways existentialism offers for the twenty first century From negotiating angst depression despair and death to practicing faith morality and love Marino dispenses wisdom on how to face existence head on while keeping our hearts intact especially when the universe feels like it's working against us and nothing seems to matter What emerges are life altering and in some cases lifesaving epiphanies existential prescriptions for living with integrity courage and authenticity in an increasingly chaotic uncertain and inauthentic age Brilliant Gives existentialism a twenty first century presence more gripping nuanced and convincing than in its initial American portrayal sixty years ago The prose is electric illustrating the point that existentialism is also literary The Los Angeles Review of Books A remarkable book We can't think of another writer who so thoroughly understands Kierkegaard and his followers presents their thought more accessibly than they themselves did and crucially relates them concretely to the dark places in his own life and ours Thomas Cathcart and Daniel Klein authors of Plato and a Platypus Walk into a Bar and Heidegger and a Hippo Walk Through Those Pearly Gates

Sustainable History and Human Dignity Nayef R.F. Al-Rodhan, 2022-01-27 Sustainable History and the Dignity of Man is a new philosophy of history This volume outlines how sustainable history is propelled by good governance which balances the tension between the attributes of human nature emotionality amorality and egoisms and human dignity needs such as reason security human rights accountability transparency justice opportunity innovation and inclusiveness The author proposes minimum criteria for good governance that are sensitive to local cultures and histories but meet certain common global values to ensure maximum and sustainable moral and political cooperation Using an ocean model of a single collective human civilisation the author argues that we should think in terms of a common human story that is comprised of multiple geo cultural domains and sub cultures with a history of mutual borrowing and synergies The author argues that today all geo cultural domains must succeed if humanity as a whole is to triumph This collective triumph will also depend on reason and a recognition that a great deal of knowledge is indeterminate and may be temporally spatially and perhaps culturally constrained as is outlined in the author's new theory of knowledge Neuro rational Physicalism Dr Nayef R F Al Rodhan is Senior Scholar in Geostrategy and Director of the Programme on the Geopolitical Implications of Globalisation and Transnational Security at the Geneva Centre for Security Policy Geneva Switzerland This book is an exceptionally wide ranging examination of past and present approaches to the securing of a qualitatively adequate social life on the planet The need for intercultural dialogue is pressing and stated as a matter of urgency in the text That argument is well presented and it is helpfully accompanied by a large amount of empirical evidence The book is also a strong and ethically attractive humanist statement about the value of human interaction that incorporates a vision of mutual respect based on a mixture of scientific arguments and normative aspirations Those features are very impressive Professor Michael Freeden Professor of Politics Director of the Centre for Political Ideologies Professorial Fellow Mansfield College University of Oxford United Kingdom
