The Complete Guide to Coaching Girls' Basketball Sylvia Hatchell, Jeff Thomas, 2006-07-13 Coach Hatchell's book is a must read for every girls basketball coach. She is fantastic in every phase of the game and I love watching her teams play. Roy Williams, head men's basketball coach, University of North Carolina and Associated Press Coach of the Year 2006. What does it take to turn a good coach into a great one? You need to be a teacher, a motivator, a guru of X's and O's. Coach Sylvia Hatchell shows you how she manages all these roles and gives you her winning advice to creating a team of champions. Head coach of the University of North Carolina's women's team, Coach Hatchell combines the Tar Heels' longstanding tradition of basketball greatness with her personal dedication to guiding young women as she teaches you how to communicate effectively to get peak performances from 11 to 18 year old girls. Teach all the fundamentals of the game and run a productive high energy practice. Develop a formidable offense and tenacious defense. Master 75 of her favorite drills ranging in difficulty from beginner to advanced. *Coaching Basketball* Russell B. DeVette, William R. Vanderbilt, 1986 **The Making of a Coach** Pat Kanalley, 2015-10-28 The other Coach K talks about impressionable life lessons that developed his coaching imprint on student athletes from the elementary to the collegiate level. Coach Pat Kanalley shares his experiences from 37 years of coaching tennis, basketball, baseball, and other sports in Western New York. A must read for all beginner coaches as well as the experienced on how to be ethical and moral amongst corruption of amateur athletic competition **Netting Out Basketball 1936** Rich Hughes, 2011-11-10 1936 was the most significant year in basketball's first half century. For the first time Olympic basketball ended with a gold medal game. Dr. James Naismith was honored at the Berlin Olympics for his wonderful invention as basketball achieved widespread international acceptance in a short period of time. 45 years after creating an exciting indoor sport for a physical education class, Naismith watched 23 countries vie for the gold. Boycotts protested Hitler's policies within the Olympic host country of Germany and as a result, politics and sports were forever linked. Other meaningful firsts for the 1935-36 playing season included controversy in the US Olympic Tryout system, a problematic lack of funding for US Olympians, and the actualization of new basketball strategies. Fast-breaking offenses, dunking the ball, and full-court zone pressure were important new techniques that radically changed the game. This book tells the little-known story of the 1936 team which transformed basketball. The book documents the McPherson Refiners' significant role in developing basketball's faster, dynamic playing style. The mishaps and fortunes of the Refiners and three other AAU teams who placed men on Berlin's muddy clay court will be the focus of the book. Best Practice for Youth Sport Robin S. Vealey, Melissa A.
