"This book is awesome!! I had spent thousands on other study material with no results. I was pleasantly surprised by how high quality the guide is despite it's incredibly affordable price tag. It provides an extensive overview of all the major clinical topics and the questions really boosted my confidence. I'm happy to say I passed my BCPS!"

-ASHLEY, PGY-1 COMMUNITY PHARMACY RESIDENT

From the reviews of the seventh edition: Collectively they have once again produced an excellent text that manages to cover the broad scope of emergency medicine while remaining an easily readable and practical resource. Last for the inevitable comparison of this current edition of Tintinalli's Emergency Medicine with other available emergency medicine textbooks available in my opinion Tintinalli's still comes out on top. It is more concise and easier to read than some yet it covers the breadth of emergency medicine practice more comprehensively than others. Just as previous editions did the seventh presents all of the most pertinent and up to date information in a well organized format that is comprehensive yet easy to read. That and many of the attractive new features in this current edition will ensure its place on my bookshelf for years to come. JAMA
