ummah in Bangladeshi politics this book shows how major political parties have mainstreamed political Islam in the country The book rejects the long standing scholarly claim of religious secular distinction in Bangladeshi politics and argues that with most Muslim dominated states there are no major secular parties in Bangladesh There are only Islamic parties which are more or less Islamic The purely rational domain of politics in Bangladesh is long lost and political Islam sets the framework for politics in the country The reason behind this logic of Bangladeshi politics is formed contained and expanded by ummah
