MR Harry Holstone,2014-07-18 The English Mastiff is considered to be the predecessor of all the Mastiffs that we know of today This ancient breed has made its way through several centuries of domestication Bred initially to be a ferocious war and fighting dog the modern English Mastiff is nothing like his ancestors Today the breed is known for his extraordinary temperament and his ability to be a great work dog and also a wonderful companion These dogs are counted among the most massive canines in the world But their gentle demeanor has earned them the title of Gentle Giants Wouldn't you love to bring one home Well it takes a little understanding of the needs of this breed and you are good to go Having a giant dog like the English Mastiff at home is no easy task For anybody who has even owned a dog before understanding the right way to care for a dog like the English Mastiff seems like a challenge Most Mastiff owners would agree that the docile nature of the breed reduces the burden to a large extent So if you are bringing home a English Mastiff you must worry mostly about giving the dog proper care to ensure that he has a long comfortable and healthy life With the right care this dog will be the most incredible addition to your family This book is a complete pet owner's guide that covers all the concerns that a new Mastiff parent may have This manual contains all the information you need from birth to the Rainbow Bridge including transitioning through house breaking care feeding training and end of life so that you can make a well informed decision about whether or not the English Mastiff is the breed for you If you already have an English Mastiff this book will teach you everything you need to know to make your dog a happy dog and to make you a happy dog owner Harry Holstone the author is a dog lover and mastiff owner Tibetan Mastiff. Harry Holstone,2014-07-12 The Tibetan Mastiff is a unique breed originating in the extreme conditions of the Himalayan Range this dog is able to perform all his functions while enduring the harshest living conditions The Tibetan Mastiff was domesticated by the nomads who lived in this region So this breed was always on the move making him one of the most easily adaptable breeds Today he is the prized possession of several dog owners across the globe for his exceptional looks with his formidable lion like mane the Tibetan Mastiff makes a perfect guardian dog In addition to that he is also extremely loving and gentle making him a wonderful companion Having a giant dog like the Tibetan Mastiff at home is no easy task For anybody who has even owned a dog before understanding the right way to care for a dog like the Tibetan Mastiff seems like a challenge Most Mastiff owners would agree that the docile nature of the breed reduces the burden to a large extent So if you are bringing home a Tibetan Mastiff you must worry mostly about giving the dog proper care to ensure that he has a long comfortable and healthy life With the

wrong care this dog can become aggressive With the right care he will be the most incredible addition to your family This book is a complete pet owner s guide that covers all the concerns that a new Mastiff parent may have This manual contains all the information you need from birth to the Rainbow Bridge including transitioning through house breaking care feeding training and end of life so that you can make a well informed decision about whether or not the Tibetan Mastiff is the breed for you Harry Holstone the author is a dog lover and mastiff owner **Mastiffs** Kim Thornton,1999 **Tibetan Mastiff.
