THE COLD WAR

DBQ: The Cold War

Situation: The following prompt requires you to construct a coherent essay that integrates your interpretation of Documents A-C and your knowledge of the period information in the question.

Essay: Evaluate the relative importance of economic, political, and cultural conflicts in contributing to tensions between the United States and Soviet Union during the early Cold War period of 1945 to 1960.

Document A

Source: Excerpt from President Truman's speech to Congress, March 12, 1947.

"I believe it must be the policy of the United States to support free peoples who are resisting attempted subjugation (domination) by armed minorities or by outside pressures. Should we fail to aid Greece and Turkey in this critical hour, the effect will be far-reaching to the West. The seeds of totalitarian regimes are nurtured by misery and want. They spread and grow in the soil of poverty and strife. They reach their full growth when the hope of a people for a better life has died. Therefore, I propose giving Greece and Turkey \$400 million to aid.

Document B

Source: Winston Churchill's "Iron Curtain" speech, March 5, 1946.

From Berlin to the Baltic to Trieste to the Adriatic, an iron curtain has descended across the continent. Behind that line lie all the capitals of the ancient states of Central and Eastern Europe. . . . All these European cities and the populations around them lie in the Soviet sphere and all are subject to one form or another, not only to Soviet influence but to a very high and increasing measure of control from Moscow.
