

Ex-Basketball Player

BY JOHN UPDIKE

Pearl Avenue runs past the high-school lot,
Bends with the trolley tracks, and stops, cut off
Before it has a chance to go two blocks,
At Colonel McComsky Plaza. Berth's Garage
Is on the corner facing west, and there,
Most days, you'll find Flick Webb, who helps Berth out.

Flick stands tall among the idiot pumps—
Five on a side, the old bubble-head style,
Their rubber elbows hanging loose and low,
One's nostrils are two S's, and his eyes
An E and O. And one is squat, without
A head at all—more of a football type.

Once Flick played for the high-school team, the Wizards.
He was good: in fact, the best. In '46
He bucketed three hundred ninety points,
A county record still. The ball loved Flick.
I saw him rack up thirty-eight or forty
In one home game. His hands were like wild birds.

He never learned a trade, he just sells gas,
Checks oil, and changes flats. Once in a while,
As a gag, he dribbles an inner tube,
But most of us remember anyway.
His hands are fine and nervous on the lug wrench.
It makes no difference to the lug wrench, though.

Off work, he hangs around Mae's Luncheonette.
Grease-gray and kind of coiled, he plays pinball,
Smokes those thin cigars, nurses lemon phosphates.
Flick seldom says a word to Mae, just nods
Beyond her face toward bright applauding tiers
Of Necco Wafers, Nibs, and Juju Beads.

Standards Matter Katherine Scheidler,2015-01-29 While critics rail against Common Core State Standards for national school learning guides few know exactly what these Standards are and fewer can assess if these Standards are a positive step for education Standards are simply the high level literacy skills and understandings that have been traditionally taught but only in some schools and for some students Standards focus on careful close reading and critical analysis help students develop ideas well in writing boost research understandings create skills to discern and write valid argument spark creative writing and release ability to learn on one s own for continued success in life and to help bring a brighter future to all students Do these Standards dumb down learning Do they stifle teachers creativity and independence Are they a low ceiling straitjacket for teachers Are bubble tests poor tests Are Standards unfair for urban and traditionally underperforming

students In this brief volume the author spells out each Reading and Writing Standard to show that the Common Core State Standards simply guide high level achievement for all students invite teacher innovation and creativity and make school a more exciting place of learning The national tests include extensive writing and evaluate the understanding of ideas These Standards and tests ask students to investigate and learn to make their own decisions as we all should based on evidence The evidence provided here sheds light on excellent guides to help each child succeed Common Core State Standards are an opportunity to develop a common national base of high quality learning We must seize this chance to raise the bar in American education **English Journal** ,1986 **Creative Writing: Four Genres in Brief** David Starkey,2012-12-21
