Do you want to learn Passive Income Strategies If YES then keep reading Earning a living takes time effort and a lot of work But the problem with most jobs is that once you clock out you're not earning money anymore That's no way to get ahead especially if you're wanting to take some time off now and then However more and more people are realizing that it is possible to make money while they sleep with the power of Passive Income The internet has created a vast amount of opportunities for you to develop your very own Passive Income Engine a system in which you use different online services and tools to slowly generate wealth for you at all hours of the day The internet never sleeps and with billions of people visiting websites each and every day there has never been a better time to develop your own Passive Income Stream The Goal of this book is to help you the reader pick a few passive income ideas to work off of You don't have to do everything on this list but if you picked three of four and worked diligently to set them up you can be making money in no time Passive Income can be defined simply as making money without actively contributing any work While most jobs generate active income where hours worked hours paid passive income relies instead on creating interesting or attractive products and then setting up a method for customers to find said product with minimal active effort on your part By building a strong system that attracts people from the outside and converts them to buy whatever product or service you are offering all you need to do is maintain what you have built which takes minimal effort and time commitment It is important to note that building a Passive Engine System requires plenty of work before it is ready to go It takes discipline hard work and a willingness to try over and over until you finally figure out what works best for you Passive Income is like firing a rocket into space You want to

put as much fuel as you can in the rocket at first because taking off requires a ton of effort. However, once that rocket breaks through the atmosphere and is in zero gravity, pushing the rocket takes considerably less energy. Your work time and dedication to building a passive income engine will determine the ultimate success of your project. If you want to generate Passive Income, then you will first need to invest either time, money, or energy into a project. Depending on the results that you're looking for, you may need to invest large quantities of all three. While it may be easy to think that you can get rich online without much investment, the truth is that most big earners either invested a significant amount of either time or money into their work. Passive Income is a reflection of what you have invested. If you aren't willing to invest resources adequately, you won't see returns. There is simply no way around it. The good news is that while some types of passive income systems require a lot of money, others such as creative fields can be done relatively cheap. The harder you work on a project, the more hours you put in, the bigger chance you have of success. There is no guarantee that you will succeed for the first time, especially if you are working in a creative field that often requires some kind of a budget for advertising. However, hustle and elbow grease can go a long way in helping you to achieve your goals of Passive Income.
