Order your copy today      Windows XP Hacks Preston Gralla, 2005 Each year Windows XP is pre-installed on 30 million PCs sold in the U.S. and 90 million worldwide, making it the world's most popular operating system and proving to frustrated users everywhere that preponderance does not equate to ease of use. There are literally thousands of programs, tools, commands, screens, scripts, buttons, tabs, applets, menus, and settings contained within Windows XP. And it has only been in the last couple of years that Microsoft's documentation has actually been more of a help than a hindrance. But it still isn't enough. Windows XP users and administrators need a quick and easy way to find answers. Plenty of books go into detail about the theory behind a particular technology or application, but few go straight to the essentials for getting the job done. Windows XP Cookbook does just that, tackling the most common tasks needed to install, manage, and support Windows XP      How to Do Everything with Windows XP Home Networking Dave Field, Andrew Brandt, 2004-10-27 Network the computers and peripheral devices in your home or small office easily with help from this hands-on guide. How to Do Everything with Windows XP Home Networking explains step by step how to select the best components for your needs, set up a wired or wireless network, share an Internet connection, printer, and other resources, secure your network, and fight spam, viruses, and other potential threats. Get the book that makes it easy to design your own home network      Build Your Own Wi-Fi Network Shelly Brisbin, 2002 This guide explains how professional and home users can take advantage of Wi-Fi to achieve their mobility goals around the house or in the office. It features step-by-step processes, tips, sidebars, illustrations, and screenshots to convey information visually. Readers will learn about the components of a wireless network, including access points and network cards. Plus, how to choose, install, and configure them for use in a new or existing network      **The Wireless Networking Starter Kit** Adam C.
