Beginners Guide To Using Facebook:

The Facebook Ads Marketing Blueprint For Author Mayowa Ajisafe, 2022-11-09 Attention self publishing authors Have you ever asked yourself any of these questions How can you sell your books What are the best ways to sell your book How can you sell your books on Facebook without wasting time If you have ever asked any of these questions then you are in the right place There are many ways to sell books which is one major problem for you as a self published author It can be overwhelming to know where to put your time and money to sell your book And if you have also struggled before to build your audience and sell your books then in *The Facebook Ads Marketing Blueprint For Authors The Beginners Guide To Using Facebook Ads For The Authors Who Want To Sell More Books* you will learn how to use Facebook ads to sell your book build your platform and also create multiple streams of income beyond your books This is the only Facebook marketing guide you will need as an author to learn the basics of using Facebook ads to create a regular source of getting new book buyers and making money from your book This book shows you a rather unpopular approach to book marketing centered on ignoring 90% of what many authors do while focusing your attention on the 10% of things that matter At the end of the book you will be equipped with the right understanding and information you need to start running profitable Facebook ads to sell your books and build your audience from scratch And you won't be asking yourself is this a book you need to read and why should you buy and read it Yes it's a book you need to buy and read especially if you are a new self published author who wants to stop wasting time and money on the shiny things you might be used to and start doing those few things that bring in results for you What do I need to get started to use Facebook ads to sell my books You don't need much if you can afford much at the beginning With 5 per day you can get your feet wet with Facebook ads and move your budget up from Facebook Marketing George Pain, 2019-08-07 Do you have a great product or content but have no idea how to get customers Would you like to get started with Facebook Marketing With over 2.07 billion monthly active users it is a no brainer that Facebook advertising provides an advertiser with a humongous outreach opportunity It has certain unique advantages over other forms of advertising that makes Facebook advertising a must have in any savvy advertiser's scheme of things This may come as a surprise to many who think that online advertising begins and ends with Google To them Facebook is merely a social media platform where you catch up with high school classmates and check out what your ex flame is up to But the fact is that savvy marketers and advertisers are increasingly taking to Facebook advertising to market their products and services The fact that Facebook earned a gargantuan 26 billion advertising revenue in 2017 is ample testimony The benefits that accrue from Facebook advertising are quite significant and it is in a marketer's best interest to be fully conversant with them

Facebook Marketing Jack Sanchez, 2018-11-13 According to statistics Facebook is home to over 1.5 billion active unique monthly users and generates a whopping 400 million visits every day So it goes without saying that Facebook aside from being a virtual space for friends to connect also shines with the promise of being the single most effective vehicle for

businesses aiming to reach a wider audience And for most businesses today Facebook has served as just that Back in November of 2007 Zuckerberg saw Facebook s potential as the ultimate internet go to for people who want to find local businesses and products they might be interested in Since then the company has executed a variety of functions that cater specifically to businesses to help them maximize the gains of using Facebook as a platform to connect with real prospects without having to go out and find them These days any business that can t be found on Facebook is considered obsolete and outdated With 90% of consumers looking first to Facebook in search of products and services business that operate exclusively outside of the platform risk losing visibility in the midst of thick competition Plus people feel more comfortable transacting with businesses through Facebook It s convenient it s easy and it s familiar and studies have found that prospects that reach out to businesses on Facebook tend to feel more secure knowing they re dealing with an entity that they can trust Why Well it s not entirely clear why Facebook brings an air of familiarity and reliability but many experts believe it s because the platform is used to connect with friends Facebook for Seniors: Beginner's Guide Matthew Hollinder,2015-04-10 Facebook is the most popular online social network Originally developed to connect college students Facebook is used by different people from around the world amounting to its 1.39 billion users The website gained popularity by providing an easy means of communication between people Instead of having to send several messages to different people about how you are doing you can post one update on Facebook to alert everyone It also allows you to share pictures and other media with multiple people instantaneously creating simpler and faster communication More and more people join the network daily and the fastest growing demographic of users are in the age group of 55 and over proving that Facebook is no longer a network limited to teenagers and young adults People of all age groups and backgrounds recognize the value in the services it provides which is why Facebook has become a social buzzword because of its prominence in modern culture and interaction
