In Chapter I Planning Effective Training Sessions a review of knowledge about adult learners provides a basis for planning training. The chapter offers practical suggestions on logistics training techniques communication with providers and assessment of training. Chapter II Workshops on the Creative Curriculum includes detailed workshop outlines for each major activity area in the curriculum. Chapters III and IV focus on the process of working with providers in their homes giving particular attention to preparation of the environment and implementation of activities. These chapters explain what should happen in family child care homes where the creative curriculum is used and indicate the importance of these happenings. These chapters also deal with typical problems that providers experience and strategies for helping providers address such problems.
