takes that same highly acclaimed casual straight to the point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself: simple to use and fun to learn. The book's layout is brilliant with each page covering just one single topic so finding the information you need is quick and easy with a large full color photo on each page so you can see exactly how it works. The first edition of this book was named Best Computer Book of 2007 and since then Scott and Terry added even more tips and more tricks and made it even easier by focusing on just the most useful and most requested iPhone 3G and 3GS features so you can start really using your iPhone today.
