A Tale of Two Titties Meg Vondriska, 2024-07-23 From the brilliantly funny and rightfully furious creator of the viral Men Write Women Twitter account *A Tale of Two Titties* is a satirical guide to writing women like a bestselling male author Let's face it women's representation in literature really sucks And that's mostly because of the male authors who write female characters like they're nothing more than playthings in their stories Whether they have breasts like ripe peaches or curves like a racetrack the literary ladies gracing the pages of bestselling books rarely serve a purpose beyond supporting a male character or giving him something to fantasize about But what are you supposed to do about it if you can't even get a foot or I guess a boob in the door You beat them at their own game In this hilarious yet incisive guide you'll learn how to write women just like a bestselling male author stereotypes tropes objectification and all so you can start dismantling the system from the inside With thoughtful literary analysis interactive exercises and commentary that perfectly straddles the line between satirical hilarity and righteous indignation *A Tale of Two Titties* is both an illuminating study of women's representation in literature and an absurd yet accurate guide to writing through the male gaze
