**Continental vs Redcoat** David Bonk,2014-11-20 The American Revolutionary War pitched the newly formed Continental Army against the professional British Redcoats a highly trained organization manned by long serving and experienced infantrymen with a formidable reputation forged on European battlefields during the Seven Years War So how were the poorly trained poorly supplied Continental infantry able to hold their own and shape the outcome of the Revolutionary War and establish the future of their young nation David Bonk answers this question in a highly illustrated book that looks at the challenges facing both armies weighing up how each side was able to cope with the day to day experiences of the war and using extensive first hand accounts to allow a modern audience to experience what life was like for soldiers on and off the battlefield during the war

**The Improbable Victory: The Campaigns, Battles and Soldiers of the American Revolution, 1775-83** ,2017-09-21 A lavishly illustrated volume marking the defining point in American history The American Revolution reshaped the political map of the world and led to the birth of the United States of America Yet these outcomes could have scarcely been predicted when the first shots were fired at Lexington and Concord American rebel forces were at first largely a poorly trained inexperienced and disorganized militia pitted against one of the most formidable imperial armies in the world Yet following a succession of defeats against the British the rebels slowly rebounded in strength under the legendary leadership of George Washington The fortunes of war ebbed and flowed from the humid southern states of America to the frozen landscapes of wintry Canada but eventually led to the catastrophic British defeat at Yorktown in 1781 and the establishment of an independent United States of America The Improbable Victory is a revealing and comprehensive guide to this seminal conflict from the opening skirmishes through the major pitched battles up to the Treaty of Paris in 1783 Impressively illustrated with photographs and artwork it provides an invaluable insight into this conflict from the major command decisions down to the eye level of the front line soldier Published to coincide with the official opening of the new American Revolution Museum at Yorktown

which marked a crucial turning point in the American Revolution With Lt Col Banastre Tarleton and the British troops in hot pursuit Daniel Morgan leading a small force of 700 Continentals and militia chose the Cowpens as the battlefield in which to make a stand The two forces clashed for barely more than 45 minutes yet this brief battle shaped the outcome of the War in the South and decisively influenced the conflict as a whole The authors provide a shrewd analysis of what was perhaps the finest tactical performance of the entire war Bird s eye views vivid illustrations and detailed maps illuminate the dynamism of this clash between two of the most famous commanders of the War of Independence
