Breaking the Chains Carlos Caballero Jurado, 1998 BAREAKING THE CHAINS is a full account of the 14th Waffem SS Division formed by Ukarinians initially from the province of Galacia but later encompassing the whole of the Ukraine The history of this unit is set uupon a particularly full discussion of the political background of the Ukraine especially the Ukarinian nationalist movements of the post World War 1 period These movements especially the OUN Organisation of Ukarinian Nationalists were fundamental in providing the basis for the new division being for the creation of two early Ukarinian formations Roland and Nachtigall battalions which fought at the outset of the Russian campaign After the German take over in the Ukraine many other units were set up

Notably the German Police Schuma battalions and many German Army volunteer units generically termed Osttruppen East Troops These units are also fully covered in the book as far as information is available However in the later German political system in the major part of the Ukraine the oppressive policies of Reichskommissar Erich Koch eventually led to much anti German feeling and the setting up of local partisan forces most prominently in the form of the UPA It is this destructive policy by some but certainly not all German officials which the author argues was a major factor in the eventual German defeat The book concludes with the immediate post war agonies of the Ukrainian nationalist movement in the face of the horrific Stalinist dictatorship A full set of appendices are included covering all known Ukrainian units in the German ground forces rank and appointment terms in the SS Police German Government etc and the usual Shelf Books treatment of foreign placenames All in all this book constitutes a complete history of the Ukrainian involvement in World War II a story of tragedy

Disappointment and on the German side What would appear to be gross stupidity **Feldherrnhalle** Alfonso Escudra Sánchez,1996 The main text and appendices complement each other and for the serious historian this book gives a new insight into a little researched group of units those bearing the title Feldherrnhalle As the name suggests and the book amply explains these groups had more than just passing links with the Sturmabteilung for whom the Feldherrnhalle Arch in Munich was synonymous with the National Socialists struggle for power The SA leaders the Feldherrnhalle units were perhaps viewed as an extension of their own SA Standarte Feldherrnhalle The armed Guards unit of the SA and as near to their ideal of a political soldier as they were ever likely to achieve following the rise to power of their rivals the SS Alfonso Escudra Sanchez has produced an unquestionably erudite work on units whose combat achievements evidently deserve more widespread dissemination The word Elite is perhaps overused in modern military writing but it undoubtedly sums up the Feldherrnhalle whose military prowess was often beyond comparison For the English language market this volume will soon prove itself to be the primary source for those seeking information on the Feldherrnhalle units Moscow Christopher Rice,Melanie Rice,2007 Capture the essence of Moscow Visit the other White House stroll around Red Square and drink the world's finest vodka Photos illustrations unique 3D models and birds eye view maps of all the major sites ensure you don't miss a thing Clue up on the basics from the most comfortable places to stay whatever your budget to the best bars and restaurants Discover where the locals go enjoy relaxing entertainment amazing sites and retail therapy exciting sports scenic walks or drives thematic tours and colourful festivals All you need for an unforgettable trip
