CYRUS THE GREAT: The Conqueror Who Founded the First Persian Empire History Titans,2021-08-28 The Greeks called him Cyrus the Elder due to his magnanimous efforts to bring the Middle East together and establish a solid administration and bureaucracy To this day he still inspires us thanks to his tolerance and eloquent ruling He was a pioneer of human rights and laid out rules that spearheaded freedom and equality Cyrus was recognized as a polytheist who favored worshipping many gods at a time He turned from one god to another according to his agenda and circumstances He prayed to a god who could fulfill his desire and lead him to victory which was noted during his rule in Babylonia The former Babylonian ruler did not allow his people to worship their god and imposed hard labor making life unbearable for thousands but when Cyrus overtook the throne he allowed Babylonia s people to follow their religion and worship their god which increased their trust and admiration in Cyrus **King of the World** Matt Waters,2022-05-13 The Persian Empire was the world s dominant geo political force from the later sixth century to its conquest by Alexander in the 330s BCE Much of the empire s territory was conquered by its founder Cyrus the Great King of the World provides the most cohesive and readable portrait of the ruler whose immense impact on ancient civilization is not fully appreciated **Cyrus the Great** Samuel Willard Crompton,2008 During his time Cyrus was proclaimed the greatest leader of his era and perhaps of the ancient world Much of what we know about him comes from pieces of the Old Testament the Babylonian Chronicle and the writings of ancient historians Herodotus and Xenophon Through these writings from his friends and foes we gather a view of this extraordinary man Though he can be compared to Julius Caesar and Genghis Khan for his military accomplishments Cyrus was also a master at diplomacy and tact He welded together groups of people as disparate as Afghani tribesmen and Turkish farmers creating the first world empire known in the Western world His legacy in the Middle East lives on for he was the leader who initiated the Persians and Iranians national destinies more than 2 000 years ago **Cyrus the Great** Harold Lamb,2024-04-09T00:00:00Z A dramatic retelling of the life of the tough and bellicose sixth century King of Persia Cyrus the Great **History of Cyrus the Great** Jacob Abbott,2009-01-01 Abraham Lincoln raved that this series of historical biographies gave him just that knowledge of past men and events which I need I have read them with the greatest interest To them I am indebted for about all the historical knowledge I have Considered what we would now call young adult literature this collection first published between 1848 and 1871 was designed to present a clear distinct connected narrative of the lives of the great figures of world history those people who have been most influential at least as American author and educator JACOB ABBOTT 1803 1879 saw it from his 19th century perspective Wildly popular and republished many times under different collected names this replica set mimics the 1904 reprint known as the Makers of History series It will delight students of history as well as show the scholar how history telling has changed over the last few centuries More than 30 other volumes in the series are also available from Cosimo Classics This volume dating from 1850 covers Cyrus the Great d

is simultaneously fascinating and frustrating The Persians ancestors did not write in fact in their epic poems and myths they claim that it was something taught to man by demons and therefore something to be avoided and though the Iranians had taken up writing in their governmental and administrative functions by the time Cyrus lived the kings still did not learn to write Put simply it was considered a functional skill but not of the greatest importance As a result while plenty of ancient sources mention the great Persian king Persian sources themselves are rare and those sources that do exist such as the Babylonian Chronicle are largely dry and state only the basic facts and large events By contrast Greek sources about Cyrus embrace the artistic aspect of their work so highly that the accuracy often comes into question and sometimes deep scrutiny is necessary to attempt to separate the fact from the fiction In the end the full truth about Cyrus and his reign may never be truly understood Of course this reality has deepened the mystique that surrounds Cyrus even to this day and it has elevated his status from conqueror and king to enlightened humanist monarch and ideal ruler In fact a modern misconception based on the Cyrus Cylinder has labeled him the first proponent of civil rights though this is somewhat of an exaggeration The argument hinges on the Cylinder being a unique artifact in listing the ideology by which Cyrus intended to rule but it equally ignores the fact that such declarations were commonplace among kings of the ancient Near East and more a tool of monarchal propaganda than a sweeping declaration of human rights That said Cyrus was a fair and rational leader particularly compared to the many brutal kings and warlords of ancient times The high praise he received even from his enemies must certainly not be dismissed and the admiration directed toward him came from many other exceptional individuals including Alexander the Great a bitter enemy of the empire Cyrus founded Whatever the underlying issues the incredible achievements of Cyrus distinguish him as one of the greatest kings in history and his life conquests reforms and rule continue to be of great interest over 2 500 years later Cyrus the Great The Life and Legacy of the King Who Founded the Achaemenid Persian Empire looks at the life of the Persian leader and the major legacy he left Along with pictures depicting important people places and events you will learn about Cyrus the Great like never before *Cyrus the Great and His Empire* F.G. Ghamsari, 2021-01-25 In this book Cyrus the Great and His Empire author F G Ghamsari writes the story of equality freedom and the establishment of human rights 600 530BC Two thousand five hundred years later equality remains a conflict and justice does not exist Unfairness is the way of life and persecution of innocents with a guilty conviction feeds the corrupted regimes of many countries Black Lives Matter is indicative that even acclaimed the greatest nation ever the United States needs to improve the conditions of equality and human rights The story began when the king ordered an infant to be put to death but by help of a shepherd that child stayed alive and became a king named Cyrus who changed unjust rules Violence against a defeated nation for rulers was haughty as Nebuchadnezzar leader of Babylon wrote I ordered one hundred thousand eyes pulled out He was proud to bring fifteen thousand Jew prisoners to Babylon Cyrus came and averted these tyrannies Whether we believe words of the Holy Bible or trace his actions the result would be the same that Cyrus the

History of Cyrus the Great

Jacob Abbott, 2014-11-18 Cyrus II of Persia c 600 530 BC was the founder of the Achaemenid Empire which expanded to become one of the largest empires of the ancient world encompassing from the Mediterranean Sea and Hellespont in the west to the Indus River in the east Drawing upon archaeological fact and the sometimes dubious histories of Herodotus and Xenophon with the author providing the necessary caveats as to the historical accuracy where necessary this work tells of Cyrus s childhood education and how he came to the throne From there the story follows Cyrus s dealings with and likely manipulations of the famous Oracles and the conquests of Lydia Babylon and the expansion of his empire s borders Along the way the author weaves in fascinating details of Cyrus s interactions with his civil servants and their families including events which reveal both the humanness of mankind over 2000 years ago and also the great brutality to which they could stoop The Hanging Gardens of Babylon the incredible size of the ancient cities and the captivity of the Jews all form important segments of the story of Cyrus In reflecting on this melancholy termination of this great conqueror s history our minds naturally revert to the scenes of his childhood and we wonder that so amiable and gentle and generous a boy should become so selfish and unfeeling and overbearing as a man But such are the natural and inevitable effects of ambition and an inordinate love of power The history of a conqueror is always a tragical and melancholy tale To be generous disinterested and noble seems to be necessary as the precursor of great military success and to be hard hearted selfish and cruel is the almost inevitable consequence of it The exceptions to this rule though some of them are very splendid are yet very few Contents Chapter I Herodotus and Xenophon Chapter II The Birth of Cyrus Chapter III The Visit to Media Chapter IV Croesus Chapter V Accession of Cyrus to the Throne Chapter VI The Oracles Chapter VII The Conquest of Lydia Chapter VIII The Conquest of Babylon Chapter IX The Restoration of the Jews Chapter X The Story of Panthea Chapter XI Conversations Chapter XII The Death of Cyrus
