Guide to Microforms in Print, 1992 **Keramic Studio**, 1904 Asia: a Selected and Annotated Guide to Reference Works Godfrey Raymond Nunn, G. Raymond Nunn, 1971 This guide to the literature of Asian history represents a first attempt to present in an integrated fashion all the major source materials without distinction as to place or language of publication Of the approximately 950 books and periodicals referred to about two thirds are in English and about 140 are in Japanese In addition to books and articles on historical and political subjects the Bibliography also lists appropriate encyclopedias yearbooks biographical dictionaries atlases gazetteers and sources of census and statistical information The selection of references was made after an examination of contents or on the advice of specialists The criteria for selection included the comprehensiveness of the work the avoidance of overlap with other works cited and the quality of the work itself There is an obviously modern bias to this guide with its concentration on problems of concern to modern Asia rather than traditional Asia but materials have not been limited to those of a strictly contemporary interest and books with an early modern emphasis have also been included The work encompasses materials published up to the end of 1968 extended editions of this guide will appear at regular intervals in the future and to facilitate this the text has been transcribed on computer tape The countries and regions covered are Asia generally Southern Asia generally Ceylon India Nepal Pakistan Southeast Asia generally Burma Thailand Malaysia the Philippines Indochina generally Vietnam Laos Cambodia East Asia generally China Mongolia Korea Japan **A Guide to Experimental Elementary Particle Physics Literature (1985-1989)**, 1990 **Taiwan Buyers' Guide**, 1974 **The Power Guide** Universiteit Twente.
