18. "Emergency Glass Breaking Tool" on page 2-35

Each group is explained with a joint location drawing or photo and a brief description of each control, switch, gauge or other.

Warning lights work in addition to the gauges on the instrument panel. The operator should monitor machine pressure on the instrument panel along with the lights. These lights will only warn the operator or indicate that there is a problem.

WARNING

Warning lights. When any one or more of the warning lights located on the control console come "on", immediately discontinue operation and shut down with the engine and correct the problem before proceeding with operation.
