

Autobiography Of A College Student

3 pages | 580 words

My name is Gelliza Z. Quiambao, and I am currently in college studying education. I was born on 12th of September year 1996, four o'clock in the afternoon, in Jose Payumo Memorial Hospital. My parents are Gilbert and Josephine and I have two brothers who are Gil Joseph and Gianni.

I started studying when I was three. My grandparents are the ones who served as my babysitter since my parents weren't home for work, so my granddad enrolled me in a Daycare Center. You may not believe this but my grandma told me that I always sleep and cry in school.

After that, my parents enrolled me in Kindergarten then to Elementary. I was only five years old when I was on the first grade. Had to say, I was the youngest but I'm subsequent. My elementary days are incredibly awesome. I gained many friends; I achieved honors and awards, academic and sports, specifically chess. It's been quite jaded studying six years on the same school but it's totally fine with me because I have friends to laugh with, have fun with, and learn with.

In 2008, I graduated from elementary and became a high school freshman in Bataan Peninsula State University. It's great that I found true friends that same year, and it's quite funny how I always wanted a sister and God gave me nine super cool and amazing friends that actually treated me like a sister. I had so much fun with them. We went hiking on a mountain. It's really unforgettable because we took a ride on a horse.

It's my sophomore year in 2009, and the best moment that I remembered back there is when we ditched class. Yeah, I know it's not a really good thing to do but, best moments come from worst ideas, right? We cleaned the faculty room as our punishment. We did it for three months.

In 2010, I fell in love with music. It's like, my world revolves around music. There's something about the songs that I can somehow relate myself into the lyrics. I learned so much from it. Also this year is when I fell in love with a boy. Honestly, it wasn't a pretty story. I fell deeply in love with him then when we broke up; it's like my worst nightmare ever. But I learned that maybe we're not really meant to be together. Then, I realized that the fact between 'boy love' and 'boy hate' is the belief that whatever happens, I'll be fine.

Good friends, competitive teachers and one wonderful family are the ones who mold me for who I am today. Everything good I have inside of me, I get from them. I experienced lots of challenges that test my skills and personality. All those challenges and problems that I've been through leaves a wonderful lesson. Good days gave me happiness, bad days gave me experiences, which are both essential to life. Success keeps me growing and failures make me humble.

Right now, I'm studying very...

The Extraordinary Work of Ordinary Writing Jennifer Sinor,2002-11-13 Krutch s trenchant observations about life prospering in the hostile environment of Arizona s Sonoran Desert turn to weighty questions about humanity and the precariousness of our existence putting lie to Western denials of mind in the lower forms of life Let us not say that this animal or even this plant has become adapted to desert conditions Let us say rather that they have all shown courage and ingenuity in making the best of the world as they found it And let us remember that if to use such terms in connection with them is a fallacy then it can only be somewhat less a fallacy to use the same terms in connection with ourselves

Encyclopedia of Life Writing Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company

Genre by Example David Starkey,2001 This book argues that creativity need not be muted simply to meet the perceived boundaries of the academic essay that in fact an author immersed in a form has special insight unavailable through any other means

The organization and structure of autobiographical memory John Mace,2019-10-15 The topic of autobiographical memory has held a prominent role in memory research for the past 30 years as it has proven indispensable to the understanding of human memory and cognition An important focus of autobiographical memory research is uncovering the basic structure nature and organization of the autobiographical memory system This book explores the organization and structure of autobiographical memory Based on over thirty years of research and the latest empirical findings it presents the major theories and problems in the science of autobiographical memory organization At its core are two influential global views on the organization structure and function of autobiographical memory chapters 2 and 3 In addition the volume examines the organization of autobiographical memory from a developmental perspective chapter 4 It includes a chapter examining the neuroscience of autobiographical memory organization chapter 7 and a chapter examining organization from a functional perspective chapter 6 Also covered is the role of culture in forming autobiographical memory chapter 5 the role of the self in organizing autobiographical memory chapter 8 insights from the reminiscence bump on organization chapter 9 and a chapter on the organization of episodic autobiographical memories chapter 10 For students and researcher with an interest in memory the volume is a timely and important addition to their literature
