ABSTRACT

This article describes updates on author guidelines for manuscripts submitted after February 1st 2010 to the interactive *Journal of Radiology Case Reports*.

EDITORIAL

To further improve the quality and educational value of the articles published in the *Journal of Radiology Case Reports* (1), new requirements have been added for manuscript submission (2): **summary table and differential table**. These tables include condensed information found in the manuscript discussion section.

The **summary table** contains high yield information about the reported entity. Mandatory fields include:

- etiology
- incidence
- gender ratio
- age predilection
- risk factors
- treatment
- prognosis
- findings on imaging

The **differential table** contains differential diagnoses of the reported entity (including the entity itself). These differential diagnoses belong in a separate row respectively and the columns represent imaging findings for each pertinent imaging modality.

Imaging modalities include:

- X-Ray
- US
- CT
- MRI - T1
- MRI - T2
- MRI - DWI
- Pattern of contrast enhancement (avid, none, homogeneous, heterogeneous etc.)
- Scintigraphy/SPECT
- PET

Both tables need to be completed with up-to-date knowledge found in the current literature and have to be included in the following manuscript types:

Case report, Case series and Review article

This new requirement takes effect on *February 1, 2010* and includes new submissions as well as revisions of manuscripts that have been submitted prior to this date.

The manuscript template (3) has been updated accordingly and is mandatory to use.

More information about the author guidelines can be obtained on the journal website (4).

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
