Course Notes, 1995. **AutoCAD 2024 Instructor** James A. Leach, Shawna Lockhart, 2023-04. In-depth coverage of AutoCAD's commands and features. Chapters are structured around related commands. Starts with fundamental commands and progresses to more specialized applications. An ideal reference guide for users at all levels. Well-suited for a two- or three-course sequence. Includes introductory videos and bonus chapters on dynamic blocks and express tools. This book is your AutoCAD 2024 Instructor. The objective of this book is to provide you with extensive knowledge of AutoCAD, whether you are taking an instructor-led course or learning on your own. AutoCAD 2024 Instructor maintains the pedagogy and in-depth coverage that have always been the hallmark of the Leach texts. As the top-selling university textbook for more than a decade, the AutoCAD Instructor series continues to deliver broad coverage of AutoCAD in a structured, easy-to-comprehend manner. AutoCAD 2024 Instructor is command-oriented, just like AutoCAD. Chapters are structured around related commands, similar to the organization of AutoCAD's menu system. The sequence of chapters starts with fundamental drawing commands and skills and then progresses to more elaborate procedures and specialized applications. The writing style introduces small pieces of information explained in simple form and then builds on that knowledge to deliver more complex drawing strategies requiring a synthesis of earlier concepts. Over 2000 figures illustrate the commands, features, and ideas. AutoCAD 2024 Instructor is an ideal reference guide, unlike tutorial-oriented books where specific information is hard to relocate. Because these chapters focus on related commands and complete coverage for each command is given in one place, the commands, procedures, and applications are easy to reference.

Tabbed pages help locate tables lists appendices and the comprehensive index What makes this book unique In depth coverage of AutoCAD 2024 commands and features Command Tables indicate where to locate and how to start each command TIP markers in the margin provide important tips notes reminders and short cuts Complete chapter exercises with many multi chapter REUSE problems Well suited for a two or three course sequence Online Resources Your purchase of AutoCAD 2024 Instructor includes two free exclusive bonus chapters and introductory videos that are available by redeeming the unique access code found on the inside of the front cover These bonus chapters cover dynamic blocks and express tools Introductory Videos This textbook includes access to videos that are designed to help you get started using some of the main tools in AutoCAD Having instructions on how to use these tools in both written and video form helps reinforce and strengthen your understanding of these core tools The videos are especially helpful to those who learn best from watching someone use AutoCAD and describe how the tools work The Illustrated AutoCAD Quick Reference Guide for Release 13 Ralph Grabowski,1995 As an illustrated quick reference guide each page offers clear and direct information on a single command or function of AutoCAD for a quick application to assignments ranging from tutorials to full blown projects
