

BEFORE YOU PUBLISH

A must do seven-point checklist to help first-time authors avoid making mistakes that are extremely difficult to correct after self-publishing a new book.

1 PERFECT YOUR MANUSCRIPT

Your manuscript needs to be read, and indeed, carefully proofread by a bare minimum of three people apart from the author. Read here, more is very much better.

2 A FANTASIC BOOK COVER

If you spend money on nothing else, spend wisely and pay for a professionally designed book cover, and especially doubly so for a print on demand (POD) paperback.

3 GET YOUR WEBSITE READY

Racing to update, or worse, building a new website when or after you publish a new book is going to waste a lot of promotional traction.

4 ALIGN YOUR SOCIAL MEDIA

You are going to be an author, so make sure your social media accounts reflect your new status. Check all your profile descriptions and re-write them to note that you write books.

5 PLAN YOUR BOOK LAUNCH

Use every single resource you have, and also investigate what you can do to spread the word even further. If your budget allows, look at book promotion services that can give your book a promotional boost.

6 WRITE YOUR BOOK DESCRIPTION

A great book description excites, builds expectation and tells a reader why they should buy your book. Your book description is second only to your great book cover in attracting book buyers, so make sure it's a winner.

7 CATEGORIES AND KEYWORDS

It takes time to investigate which two main categories will help promote your book, and even more, research is needed to find seven keywords or keyword phrases that will help readers find your book by Search.

Slow down and don't get carried away with all the excitement.

Get things right first, before you self-publish.

from unnecessary struggle Yes there is a lot to learn and more competition than ever before but for those storytellers who are willing to do the work then set their efforts on repeat there s never been a better time to make a living as a writer Thousands of new books are published on Amazon every single day The vast majority will never sell more than a handful of copies This is devastating for hard working authors who care about their craft and are doing all of the things they re supposed to do if they want to make it as a successful author But it s confusing out there with too many things to learn and not enough time to learn them Worse so much of the available advice comes from people who are in the business of selling advice They re either parroting what others have said are making guesses based on assumptions or anecdotal evidence or are using their personal yet minimal experience with a successful book or perhaps even a few to articulate loose strategies that often have an absurdly short shelf life This book is different Write Publish Repeat was written by successful authors who have been in the indie game since the very beginning In the last ten years we ve gone from zero books to a few hundred with copies sold in the millions film and television projects in the works and hands on work with hundreds of writers like you We ve also made more mistakes than we can count But we made them so you don t have to This book explains how to create stories your readers will love and will want to return to again and again It details expert methods for enhancing creativity building worlds characters and plots understanding your market right down to your ideal reader using the best tools possible to capture your draft and explains proven best practices for editing It discusses covers titles formatting pricing and publishing to multiple platforms plus a bit on getting your books into print and why that might not be a good idea But most importantly Write Publish Repeat details the psychology driven marketing plan that Sean and Johnny built to shape their stories into products that readers couldn t help but be drawn into thus almost automatically generating sales and explores ways that smart business minded writers can do the same to future proof their careers What Indie Authors and Thought Leaders Are Saying Two of the best in the biz A gem for aspiring authors Hugh Howey For my money this is the best book on self publishing out there David Gaughran It s tough to find more honest and straight forward marketing advice than what you ll get from these indie authors Jane Friedman former publisher of Writer s Digest
