**Aleister & Adolf** Douglas Rushkoff, 2021-02-02 Media theorist and documentarian Douglas Rushkoff weaves a mind bending tale of iconography and mysticism against the backdrop of a battle torn Europe In a story spanning generations and featuring some of the most notable and notorious idealists of the 20th century legendary occultist Aleister Crowley develops a powerful and dangerous new weapon to defend the world against Adolf Hitler's own war machine spawning an unconventional new form of warfare that is fought not with steel but with symbols and ideas Unfortunately these intangible arsenals are much more insidious and perhaps much more dangerous than their creators could have ever conceived Rushkoff is a cultural treasure and an eccentric author of big strange ideas never less than fascinating and always entertaining Warren Ellis author of Gun Machine Red Trees and Transmetropolitan Douglas has been one of my personal heroes and I've been a most attentive reader of anything he cares to put between covers knowing that his combination of a cold eye and a warm heart is guaranteed to astonish and embolden my own thinking about what's possible in the world about what's possible to enact in the space between one human being and another He occupies the ground of our most immediate perplexities and his reports of what he finds are breaking news Jonathan Lethem author of The Best American Comics and The Fortress of Solitude
