COVID Marc Siegel, 2020-10-13 Separating FACT from FICTION in the COVID 19 Epidemic People are afraid COVID 19 has upended our lives as it poses new medical dangers economic suffering and grave uncertainty about the world around us The collateral damage is enormous but politics invade perception There are so many unknowns Does a treatment work Is a vaccine coming How likely are you to catch COVID and how can you best protect yourself and your family What are the real risks and what is hysteria Where are our fear leaders What are their agendas From Fox News Medical Contributor and the author of False Alarm Wiley 2008 comes COVID The Politics of Fear and the Power of Science by Marc Siegel M D This shocking expos of the facts as the media covers the national pandemic news and spread of the invisible virus reinforces the notion that we must arm ourselves against fear tactics that limit our abilities to safely make decisions and protect our families in a world of uncertainty Life for citizens of the developed world before the pandemic was safer easier and healthier than for any other people in history thanks to modern medicine science technology and intelligence but COVID 19 has stolen that security and our nation's peace of mind Now there is a pandemic virus as well as a crippling epidemic of fear sweeping America Why The answer according to nationally renowned health commentator Dr Marc Siegel is that we already lived in an artificially created culture of fear that was just waiting to be

unleashed In COVID The Politics of Fear and the Power of Science Siegel identifies three major catalysts of the culture of fear government the media and our own psyche With fascinating blow by blow analyses of the most sensational false alarms of the past few years compounded now by the worst contagion of our lifetimes he shows how fear mongers manipulate our most primitive instincts often without our even realizing it COVID shows us how to look behind the hype and hysteria inoculate ourselves against these crippling fear tactics and develop the emotional and intellectual skills needed to take back our lives even as we battle the pandemic itself
