Dino Nick Tosches,1999-04-13 From dealing blackjack in the small time gangster town of Steubenville Ohio to carousing with the famous Rat Pack in a Hollywood he called home Dean Martin lived in a grandstand guttering life of booze broads and big money He rubbed shoulders with the mob the Kennedys and Hollywood s biggest stars He was one of America s favorite entertainers But no one really knew him Now Nick Tosches reveals the man behind the image the dark side of the American dream It s a wild illuminating sometimes shocking tale of sex ambition heartaches and a life lived hard fast and without apologies Hip-Hop Revolution in the Flesh G. Thomas,2009-02-16 An extended study of the writings of Lil Kim the multi platinum selling Hip Hop artist Examines Lil Kim s anti sexist gender defiant and ultra erotic verse alongside issues of race and the politics of imprisonment This is the first study to apply the tools of literary criticism to Hip Hop s lyrical writings Getting Away With Murder Lynda La Plante,2025-04-15 The hilarious and moving tell all memoir from the UK s queen of crime drama Screamingly funny and deliciously candid full of wisdom and joie de vivre this is memoir with the grip of a thriller ERIN KELLY A rollercoaster ride THE TIMES Fascinating and funny SUNDAY EXPRESS Lynda La Plante has lived an illustrious life and has the stories to prove it From her early days in Liverpool to her unexpected acceptance into RADA joining peers Anthony Hopkins John Hurt and Ian McShane from beginning her scriptwriting career with Widows and Prime Suspect and becoming a BAFTA award winning writer and producer Lynda s tales of stage and screen will have you gasping in shock as well as laughing in the aisles Lynda has an important story to tell one of breaking down stereotypes and blazing a trail for others along the way Starting her writing career in the eighties an era of entrenched gender inequality both in front of and behind the camera Lynda faced innumerable obstacles to her vision Getting Away with Murder shows how she overcame them to create generation defining television and become a multi million copy Sunday Times bestselling author Still at the very top of her game Lynda shares her story on her own terms in a way that s guaranteed to make you laugh cry and be inspired to live a life without limits *Intercultural Communication and International Students* Anastassia Zabrodskaia ,Jiayi Wang,2025-12-17 With internationalization high on the agenda of education providers worldwide the complex relationship between intercultural communication and the international student phenomenon deserves close study Being an international student is a great opportunity to be exposed to a new language and culture and to develop intercultural communication skills Traditionally the phrase international students refers to those who undertake all or part of their education in a country other than their own For present purposes though we adopt a broad definition of the phrase to include transnational education TNE students who are often regarded as international students by their awarding institutions The number of international students pursuing tertiary education reached 6.3 million in 2020 up from 2 million in 2000 and this number continues to grow UNESCO Institute of Statistics 2023 The recent decade has also seen a tremendous expansion of TNE especially during the COVID 19 pandemic both in terms of size and scale TNE is the delivery of education in a country

other than the one in which the degree granting institution is based TNE takes many diverse forms including dual degrees joint institutes and international branch campuses to name but a few In many cases students can get a foreign degree without ever leaving their home country or region Research on international students is often scattered across different disciplines including communication education psychology and language and linguistics The field of intercultural communication a term often used interchangeably with cross cultural communication investigates how people from different cultural backgrounds communicate The combination of intercultural communication and international students is a broad and fascinating topic of research Extant research on the topic has mainly focused on the following areas international students perceptions of intercultural communication the difficulties faced by international students and the correlations between different variables e g intercultural communication competence and effectiveness intergroup anxiety intercultural sensitivity attitude towards other cultures meta stereotypes sensation seeking ethnocentrism empathy mindfulness and motivation to engage in intercultural communication These studies have offered valuable insights into the predictors of intercultural communication competence and effectiveness and the pathways for developing this competence and effectiveness However intercultural communication and international students is a complex topic that requires a multifaceted approach that transcends disciplinary boundaries Research on the topic is lagging behind the growth of student numbers and there are many gaps and underexplored areas For example TNE students have rarely been studied from an intercultural communication perspective and international students perceptions of intercultural communication are much less explored than those of faculty and home students Additionally while academic advising has been found to be vital to international student success academic advisers have reported a lack of institutional training on how to deal with international students The actual intercultural interactions of and with international students have rarely been studied in detail Against this background this Research Topic seeks to create interdisciplinary dialogue and cooperation exploring the gaps and underexamined areas of intercultural communication and international students Themes to be addressed include but are not limited to the following language and communication intercultural communication competence and effectiveness intercultural interaction international student experience transnational education TNE internationalization
