*A Manual of Photographic Technique* L. J. Hibbert, 1921      **The Craftsman** Richard Sennett, 2009-02-05 Why do people work hard and take pride in what they do This book a philosophically minded enquiry into practical activity of many different kinds past and present is about what happens when people try to do a good job It asks us to think about the true meaning of skill in the skills society and argues that pure competition is a poor way to achieve quality work Sennett suggests instead that there is a craftsman in every human being which can sometimes be enormously motivating and inspiring and can also in other circumstances make individuals obsessive and frustrated The Craftsman shows how history has drawn fault lines between craftsman and artist maker and user technique and expression practice and theory and that individuals pride in their work as well as modern society in general suffers from these historical divisions But the past lives of crafts and craftsmen show us ways of working using tools acquiring skills thinking about materials which provide rewarding alternative ways for people to utilise their talents We need to recognise this if motivations are to be understood and lives made as fulfilling as possible      **Thomas Regional Industrial Buying Guide** ,2003      **The First Kudu** Ben Shaw, Lorne Hallendorff, 2023-10-20 From naughty lists to sprinting swans wandering ducks to Amarula based incentives The First Kudu takes you on the roller coaster ride of a start up and dives into real learnings along the way The narrative invites you to journey through the chaos with the young team and unpacks in gritty detail what goes into building a tech start up with stories of fun and failure honestly told in equal measure The First Kudu tells the story of HouseME a rental technology company founded in South Africa that grew to 34 employees and 50 000 registered users processing hundreds of millions of rands each year The company won awards raised several rounds of funding and was sought after by competitors It was exciting It was excellent And then It was dead Ben Shaw former CEO and Lorne Hallendorff former COO provide a whirlwind tour of what goes into building a start up at the southern tip of Africa and what they would do differently were they to do it again      **Maine Register Or State Year-book and Legislative Manual** Maine, 1892 Vols for 19 include Classified business directory of the entire state      *Moody's International Manual* ,2000      *Foundrywork* Ben Shaw, James Edgar, 1921
