**Writing a Report** John Bowden, 1997-01

*Writing a Report* John Bowden, 2011 What is special about the text is that it is more than just how to write reports; it gives that extra, really powerful information that can and often does make a difference. This book is comprehensive in its detail and contents, covering type, style, fonts, writing style, and even advice on binding and illustrations.

*Writing Reports to Get Results* Ron S. Blicq, Lisa A. Moretto, 2004-04-05 The professional's quick reference handbook for writing business and technical reports. Professionals in business, government, and technical fields often need help in organizing and writing reports for associates, clients, and managers. This simple tutorial handbook offers expert tips and useful ideas for organizing ideas, structuring reports, and adding spice to technical papers. *Writing Reports to Get Results* offers in-depth guidance for writing short, informal reports such as job progress reports and inspection reports; semiformal reports such as laboratory and medium-length investigation and evaluation reports; formal reports such as analytical and feasibility studies and major investigations; technical and business proposals of varying complexity. The authors use a simple pyramid method to help writers organize their information into the most convenient and simplest structure for any type of document, from single-page proposals to full-length presentations. Rounding out this easy instructional handbook are helpful tips on a number of other topics, such as constructing reference lists and bibliographies, the use of numbers, abbreviations, and metric symbols, preparing illustrations for insertion into a report, and working collaboratively as a member of a writing team.

**Contemporary Business Report Writing** Shirley Kuiper, 2005 CONTEMPORARY BUSINESS REPORT WRITING guides readers step by step through the process of creating business reports such as feasibility studies, business plans, and employee manuals. Starting with writing fundamentals, readers work through the processes of planning and conducting research, then drafting, revising, editing, and producing a simple report. Once readers master report preparation and writing, the authors explore presentation techniques and skills that readers can use to effectively communicate the information contained in their reports.
