

# How To Successfully Conduct a Screening Interview

## 7 TIPS

### 01 Prepare for the interview:

Review the candidate's profile and have the questions ready before the interview to make it efficient and productive.

### 02 Ask open-ended questions:

Open-ended questions allow you to gain deeper insights into candidates' personalities, skills, and values.

### 03 Encourage candidate questions:

Make the screening interview a two-way process by encouraging candidates to ask questions about the role, team, or company, helping them assess their fit and providing you with insights into their interests and priorities.

### 04 Maintain consistency:

Use a standardized set of questions in the same order for all candidates to keep interviews consistent and objective, facilitating easier comparison.

### 05 Screen in, not out:

Don't forget to consider transferable skills and non-traditional backgrounds to uncover candidate potential.

### 06 Adopt a professional & respectful approach:

Treat candidates with dignity and provide clear information, leaving a positive impression regardless of their fit for the role.

### 07 Create a post-interview process:

After the interview, review notes, share them with the hiring manager, consider candidates' fit beyond qualifications, and inform all candidates of their status respectfully.
