Israel Ever since the publication of the first volume of The Chemistry of Functional Groups in 1964 the Patai series has acted
as an essential reference source to many researchers By the end of 1991 the series consisted of 50 titles bound in 73 volumes
containing nearly 900 chapters written by over 1250 authors The aim of this Guide as was that of the previous edition is to
present sufficient material on each of the published chapters to allow the researcher to decide whether these chapters are
relevant and useful for his or her purpose and thus worth pursuing in full For those who are familiar with only selected
volumes from the series the cross referencing between complementary and related chapters from different volumes will be
invaluable The Guide is fully indexed by both subject and author thus making it an essential reference tool for all organic
