Undergraduates in a Second Language Ilona Leki, 2017-09-25 This is the first book-length study of bilingual international and immigrant students in English writing courses that attempts to fully embed their writing experiences within the broader frame of their personal histories, the human context of their development, and the disciplinary contexts of their majors. It addresses the questions: How useful are L2 writing courses for the students who are required to take them? What do the students carry with them from these courses to their other disciplinary courses across the curriculum? What happens to these students after they leave ESL/English or writing classes? Drawing on data from a 5-year longitudinal study of four universities,

students for whom English was not their strongest primary language it captures their literacy experiences throughout their undergraduate careers The intensive case studies answer some questions and raise others about these students academic development as it entwined with their social experiences and identity formation and with the ideological context of studying at a US university in the 1990s *Writing about Music* Richard Wingell,2002 This guidebook provides practical and specific assistance to undergraduate students about writing research papers and other types of projects in the field of music It also offers practical help in writing effective prose on any topic and ways to improve one s writing style The Third Edition has been extensively revised and rewritten The organization of the material has been changed in order to present issues in a more logical order There are expanded sections on new approaches to musicological research electronic resources for research and how to use word processing programs to draft and edit a paper The section on format issues has been revised and expanded to make the detailed information it offers clearer and more useful Finally a new sample student paper has been included in the Appendix along with discussion questions designed to help students analyze the paper read more critically and understand better the process of researching a topic designing a paper and arguing a thesis persuasively **Writing Differently** Alison Pullen,Jenny Helin,Nancy Harding,2020-04-24 Writing Differently is a critical insightful poetic and timely collection of essays poems plays and auto ethnographic pieces that showcases the potential of academic writing The volume will be of interest to those interested in alternative ways of working researching thinking organizing writing research and research lives *So You Want to Write about American Indians?* Devon A.
