Cham Exam Study Guide:

Patient Access Representative - Basics to Mastery DEAN STRATTON, You're the first handshake of care and the spark that keeps the revenue cycle humming. This practical guide blends workflow know-how with service excellence so newcomers can ramp fast and experienced staff can level up. Through step-by-step playbooks, scenario scripts, and decision frameworks, you'll learn how to schedule accurately, verify benefits, obtain authorizations, estimate costs, collect ethically, document cleanly, and de-escalate tense moments. Picture a 7:30 a.m. rush, phones lighting up, walk-ins waiting, one angry spouse at the window, and an MRI needing same-day precert. This book shows exactly what to do, why it works, and how to measure success: clean claims, fewer denials, higher first contact resolution, better CAHPS. You'll also practice empathy that doesn't slow you down, master keyboard shortcuts that do, and navigate EHR clearinghouse screens with confidence so every caller, visitor, and clinician feels supported. Role-by-role playbooks for registration, scheduling, financial clearance, and switchboard coverage. Insurance mastery, benefits coordination, prior auth trees, medical necessity, ABNs, and charity screening. Scripts that sound human for tough moments, price questions, estimate sticker shock, refusal to pay, ID name mismatches. Right first time documentation, required fields, audit trails, error traps, and denials prevention checklists. Metrics that matter with mini dashboards. AHT, FCR, POS, collections, eligibility, hit rate, auth turnaround, and clean claim ratio. Career ladder toolkit.
