

THE DISCOVERY OF AMERICA

Christopher Columbus discovered America in 1492. We don't know much about the man. He was born in Italy but lived in Spain for a long time. He was a seaman and made many sea voyages.

Most people in Columbus' days thought that the earth was flat and they did not believe that beyond the Atlantic Ocean lay India. In 1492 the King and the Queen of Spain gave him money to go to India. He decided to sail west as he was sure that our planet was round. There were 3 caravels: the Santa Maria, the Nina and the Pinta. After sailing 4000 miles he reached some land.

Columbus thought that it must be India but it was not. It was a new land - a new continent. It was America. Columbus named the land they had reached San Salvador. People began to speak about the land as "the New World".

European people came to the New World for many reasons. Some hoped to find gold and silver. Priests and missionaries came to bring the Christian religion to the Indians. Among those who came for freedom was a small group of English people called Pilgrims. They wanted to start a new life and to have no religious problems they had in England.

In 1620 on the ship "Mayflower" they landed in the north-east of America. They set up a colony and called that part of the country "New England".

Answer the questions:

1. Who discovered America and when?
2. Who sent Columbus to India?
3. What do you know about his man?
4. Why did he decide to go west?
5. What was the name of the new land?

Making War/making Peace Francesca M. Cancian,James William Gibson,1990 A collection of works previously published 1955 1987 The Final Solution Donald Bloxham,2009-09-10 The Holocaust is frequently depicted in isolation by its historians Some of them believe that to place it in any kind of comparative context risks diminishing its uniqueness and even detracts from the enormity of the Nazi crime In reality such a restricted understanding of uniqueness has pulled the Holocaust apart from history and set up barriers to a better understanding of the racial onslaught unleashed within the Third Reich and its conquered territories Working against the grain of much earlier writing this innovative new history combines a detailed re appraisal of the development of the genocide of the Jews a full consideration of Nazi policies against other population groups and a comparative analysis of other modern genocides The Holocaust is portrayed as the culmination of a much wider history of European genocide and ethnic cleansing from the late nineteenth century onwards Ultimately Bloxham shows that an explanation for the Holocaust rooted exclusively in Nazism and antisemitism is inadequate when set against one that is both prepared to give due weight to the immediate circumstances of the Second World War in eastern Europe and to situate the Jewish genocide within the broader patterns of human behaviour in the late modern world **The Young Max Weber and German Social Democracy** Victor Strazzeri,2022-09-26 The Young Max Weber and German Social Democracy examines the formative years of a classic social thinker once called the bourgeois Marx from the standpoint of his relationship to the foremost working class organization of his time It argues that Weber s early engagement with the
