

Computer Programming(Lab Manual)

1. Motivational videos on programming.

Ans:- "Everybody in this country should learn how to program a computer because it teaches you how to think".

-Steve Jobs

"you don't have to be genius to know how to code you need to be determined." As we all know computers are everywhere if you want to work in agriculture, entertainment, building a house it just all over, all things turned upside down by software. Now a days everything depends on computers.

"Our policy is literally to hire as many talented engineers as we can find".

-Mark Zuckerberg

To be able to actually come up with an idea and then see it in your hands and then be able to press a button and have it be in millions of people's hands. I mean i think we're the first generation in the world that's really ever had that kind of experience. The programmers of tomorrow are the wizards of the future, you know we are gonna look like you have magic power compared to everybody else its amazing i think its the closest thing we have to be a superpower.

2. Introduction to C++/Code blocks/Visual studio code.
