Confucius David R. Schiller, 2011-06-01 CONFUCIUS Discussions Conversations or the Analects Lun yu Volume II translation commentary interpretation historical and biographical material chronologies bibliography concordance of key Chinese characters No single philosopher has had a more profound impact on Eastern civilization than Confucius whose eco psycho socio political program is neither a people s democracy nor an authoritarian theocracy but rather one of surprise and delight available to anyone who will cultivate himself or herself create caring relationships among both family and friends and carry out the Master s program by taking appropriate courses of action dao162 and behaving responsibly ren9b so as to realize dynamic harmony he30b in his or her given circumstances In its critical importance to us as living engaged human beings Discussions Conversations can only be compared in its depth and power to the influence Plato s Republic has had on the civilization of the West This translation is not only not filled with the usual Latin derived jargon and allusions to the isms of Western philosophy but is instead an entirely non metaphysical and coherent read in modern English prose An educated reader is fully supported throughout the vast historical background and technical terms of early Confucian and later Song Ming thought by means of extensive references to the ancient Chinese commentators original interpretations from the translator a summary of ancient Chinese history a brief biography of Confucius a short bibliography and a concordance of transliterations of those key Chinese characters which occur in the original text The translation is thus ideal for classroom and book club use as the commentary following each analect supplies all the discussion material which any teacher or student could ever need Volume I contains Books 1 11 Volume II contains Books 12 20 The Spirit of Chinese Confucianism Qiyong Guo, 2024-10-13 This book provides a comprehensive overview of the spirit of Chinese Confucianism which is usually regarded as one of the most important aspects of traditional Chinese culture In addition to the general history the book explores the extensive concepts of Confucianism such as its philosophy core values and social ideals humanistic theories ritual and music culture and statecraft and wisdom of governance Beyond the introductory information it ushers Confucianism into the modern realm discussing and elaborating on its humanistic spirit characteristics its significance and value in the modern context and how it should be engaged in the creative transformation of economic globalization The book is divided into twelve chapters each developing from a single focal point to cover a vast array of knowledge that combines philosophy academics and readability It brings Confucianism to the readers by explaining complex and profound Confucian philosophy and actions in a language that is accessible *An Introduction to Confucianism* Xinzhong Yao, 2000-02-13 Taking into account the long history and wide range of Confucian Studies this book introduces Confucianism initiated in China by Confucius 551 BC 479 BC primarily as a philosophical and religious tradition It pays attention to Confucianism in both the West and the East focussing on the tradition s doctrines schools rituals sacred places and terminology but also stressing the adaptations transformations and new thinking taking place in modern times Xinzhong Yao

presents Confucianism as a tradition with many dimensions and as an ancient tradition with contemporary appeal This gives the reader a richer and clearer view of how Confucianism functioned in the past and of what it means in the present A Chinese scholar based in the West he draws together the many strands of Confucianism in a style accessible to students teachers and general readers interested in one of the world's major religious traditions

The Golden Rule of Ethics
Vladislav I. Zhukovskiy, Mindia E. Salukvadze, 2021-04-15 This book synthesizes the game theoretic modeling of decision making processes and an ancient moral requirement called the Golden Rule of ethics GR This rule states Behave to others as you would like them to behave to you The GR is one of the oldest most widespread and specific moral requirements that appear in Christianity Islam Judaism Buddhism and Confucianism This book constructs and justifies mathematical models of dynamic socio economic processes and phenomena that reveal the mechanism of the GR and are based on the concept of Berge equilibrium The GR can be naturally used for resolving or balancing conflicts and its altruistic character obviously excludes wars blood letting and armed clashes The previous book by the authors The Berge Equilibrium A Game Theoretic Framework for the Golden Rule of Ethics covers the static case of the GR In this book the dynamic case of the GR is investigated using the altruistic concept of Berge equilibrium and three factors as follows 1 a modification of N N Krasovskii's mathematical formalization of differential positional games DPGs in view of the counterexamples given by A I Subbotin and A F Kononenko 2 the method of guiding control proposed by N N Krasovskii and 3 the Germier convolution of the payoff functions of different players Additionally this book features exercises problems and solution tips collected together in Appendix 1 as well as new approaches to conflict resolution as presented in Appendices 2 to 4 This book will be of use to undergraduate and graduate students and experts in the field of decision making in complex control and management systems as well as anyone interested in game theory and applications

Rhetoric in Ancient China, Fifth to Third Century B.C.E
Xing Lu, 2022-03-10 Xing Lu examines language art persuasion and argumentation in ancient China and offers a detailed and authentic account of ancient Chinese rhetorical theories and practices within the society's philosophical political cultural and linguistic contexts She focuses on the works of five schools of thought and ten well known Chinese thinkers from Confucius to Han Feizi to the the Later Mohists Lu identifies seven key Chinese terms pertaining to speech language persuasion and argumentation as they appeared in these original texts selecting ming bian as the linchpin for the Chinese conceptual term of rhetorical studies Lu compares Chinese rhetorical perspectives with those of the ancient Greeks illustrating that the Greeks and the Chinese shared a view of rhetoric as an ethical enterprise and of speech as a rational and psychological activity The two traditions differed however in their rhetorical education sense of rationality perceptions of the role of language approach to the treatment and study of rhetoric and expression of emotions Lu also links ancient Chinese rhetorical perspectives with contemporary Chinese interpersonal and political communication behavior and offers suggestions for a multicultural rhetoric that recognizes both culturally specific and transcultural elements of human
