Mullins,2020-04-23 In Native American history there are many legends about UFOs gods the paranormal and aliens There has always been a connection between Native Americans and beings from other parts of the universe referred to as Star People Perhaps due to familiarity with celestial fixtures it has been easier for Native Americans to relate events they have experienced on earth with things such as the formation of the Pleiades It is not hard to believe they would identify an event with a star being the nature and history of tribes was to exist outdoors The night sky would be paid much more attention by one who did not live indoors Through the many legends and tribes you can find instances where natives are either rescued or helped by gods or Star Beings The Pleiades is the basis of the creation of the Hopi Indians The Dakota also speak of the abode of the ancestors or Tiyaami as a place of their origin Other native oral histories or legends speak of an origin in the stars generally or other constellations The Cree did not originate from human beings but from people from the constellations who later became humans While others like the Lakota tell stories of beings from the skies Regardless of the tribe or the whether the interaction is through a god or star people there is proof that the ancient people of North America believed they have been visited by unexplainable beings from the heavens and beyond The stories in the collection tell of many different tribes and their experiences and the outcome of walking with these beings From experiences with aliens to the dead rising in spirit form this book will cover a wide range of stories of the paranormal *Coyote Places the Stars* Harriet Peck Taylor,2009-06 Coyote arranges the stars in the shapes of his animal friends *Stars of the First People* Dorcas S.
