The ^AAmerican Child Steven Mintz, Peter N. Stearns, 2025-09-18 The American Child is an essential history that recounts changes in American childhood This authoritative book challenges the view that the problems facing today's kids are simply the product of social media video games the internet the breakdown of the family and the decline of marriage instead showcasing larger changes in the American economy and culture and the relationship between society and government after World War II

The Ethics of Fur Andrew Linzey, Clair Linzey, 2023-07-24 This is the first multidisciplinary book that addresses the ethics of fur Whatever might have been true of the past the production of fur is now morally problematic in terms of both necessity and suffering There is no necessity in killing animals for nonessential purposes such as adornment fashion or vanity The argument for utility simply doesn't hold up Alternative clothing is now readily available enduring and less costly Worse still since we know that the animals exploited are sentient causing them suffering or making animals liable to suffering is arguably intrinsically wrong The purpose of this volume is to open up and advance further the ethical political and specifically legislative endeavors now moving at pace and to encourage the anti fur movement That said there is much to learn from this book about the history culture and political arguments for and against fur that should interest scholars and students as well as those engaged on either side of the debate It is not common for academics to engage with pressing and contentious moral issues and we pay tribute to our eighteen contributors for leading the way

Teaching Social Studies in the Early Childhood Classroom Jean Kirshner, Jenny Pettit, 2025-01-23 This textbook develops early childhood teachers capacity to effectively instruct democratic principles to our youngest citizens As our world experiences political polarization pandemics heightened racial tension and the evolving awareness of gender and LGBTQ issues this textbook addresses those topics as they show up in the early childhood classroom offering research informed practical guidance for pre and in service teachers The book is organized around 12 themes 10 of which are based on the National Council for Social Studies NCSS themes in addition to the anti racist anti bias curriculum and gender expansive principals from the National Association for the Education of Young Children NAEYC closely following social studies content standards from across the United States The themes covered are culture and cultural diversity history geography identity gender roles and gender identity institutions power and authority economics science and technology global citizenship and civic ideals and practice Throughout each chapter you will come to know 5 early childhood classrooms and including profiles of the teachers students communities These five spaces represent a variety of early childhood teachers different age groups of students and diverse communities and show how the lesson learned in each chapter can be applied in classroom settings This book provides developmentally appropriate ways to teach relevant and current social studies content to our very youngest learners emphasizing the fact that these very children will grow to be the next stewards of our global community
