Operation & Maintenance Manual

Chenar's Internal Thinklets are printed in January, 1991, as required as a service to customers with those teachers who are not manufacturing currently.

The manual was originally printed after Spanish guards of structures were recommended as optional features. All foreign visitors manufactured since January 1979, have Spanish guards or RCT's (Rampas Protectoras Estructuras) as part of the standard feature.

Operators and owners are now informed that operator ratings at WOPR are available from your dealer and strongly recommended by the Marine Company for all National Boat Show boats.
