Event and Subjectivity: The Question of Phenomenology in Claude Romano and Jean-Luc Marion Kadir Filiz, 2023-12-11
Event and Subjectivity presents a rich phenomenological analysis of the event in contemporary phenomenology by focussing on the work of Claude Romano and Jean Luc Marion Although the event is a major topic of contemporary philosophy its centrality has not been acknowledged enough in the phenomenological movement The book starts with the idea that the event cannot find a proper place in Husserl's transcendental phenomenology and Heidegger's existential phenomenology It proposes a phenomenological version of the event that transforms the definition of phenomenon subjectivity and phenomenology itself in order to do justice to the phenomenality of the event At the same time Event and Subjectivity is the first book on Claude Romano's understanding of phenomenology in English It also offers a fresh reading of the phenomenology of Jean Luc Marion by highlighting the phenomenon of the event *Unity in Variety; a Series of Arguments Based on the Divine Workmanship of Our Planet ...* George Warburton Weldon, 1871 **Japan in the Early Modern World** Katja Triplett, Yoshimi Orii, Pia Jolliffe, 2025-09-03 Open Access Early modern transnational relations and personal encounters were influenced by interactions between Japan and the regions that had become connected to it through expanding global trade and missionary networks Translation activities linked to Christian missionary activities overseas trade and political upheaval in these places all contributed to shaping these interactions Adopting an interdisciplinary perspective this volume explores religion translation and transnational relations in the context of the colonial and missionary enterprises involving Japan between 1550 and 1800 It focuses on the early Catholic mission to Japan discussing both Protestant and local religious reactions to it and the publications of the Jesuit mission press in Japan A survey of the subsequent centuries of scholarly involvement with translational materials in Asian languages further suggests that translation had a formative influence on the intellectual world in the Early Modern period **Unity in variety: a series of arguments based on the divine workmanship in our planet; the constitution of the human mind; and the inspired history of religion** George Warburton Weldon, 1871 Philosophic Pride Christopher Brooke, 2022-11-29 Philosophic Pride is the first full scale look at the essential place of Stoicism in the foundations of modern political thought Spanning the period from Justus Lipsius's Politics in 1589 to Jean Jacques Rousseau's Emile in 1762 and concentrating on arguments originating from England France and the Netherlands the book considers how political writers of the period engaged with the ideas of the Roman and Greek Stoics that they found in works by Cicero Seneca Epictetus and Marcus Aurelius Christopher Brooke examines key texts in their historical context paying special attention to the history of classical scholarship and the historiography of philosophy Brooke delves into the persisting tension between Stoicism and the tradition of Augustinian anti Stoic criticism which held Stoicism to be a philosophy for the proud who denied their fallen condition Concentrating on arguments in moral psychology surrounding the foundations of human sociability and self love Philosophic Pride details how the engagement with Roman

Stoicism shaped early modern political philosophy and offers significant new interpretations of Lipsius and Rousseau together with fresh perspectives on the political thought of Hugo Grotius and Thomas Hobbes Philosophic Pride shows how the legacy of the Stoics played a vital role in European intellectual life in the early modern era

The Phenomenon of Mental Disorder Petr Kouba, 2014-11-18 This book provides a critical introduction to Heidegger's impact on psychiatry and psychology and has a focus on the application of his philosophy to psychiatry This is a complete revision of Heidegger's existential philosophy in the light of psychopathological phenomena Readers will find here a philosophical inquiry into the problem of mental disorder which shows Heidegger's own philosophy in a new light uncovering both its strengths and its weak points The author maps not only Heidegger's interaction with psychiatric thought as depicted in his Zollikon Seminars but also his influence on Swiss phenomenological psychiatry The work treats Heidegger in a critical way taking the phenomenon of mental disorder as a touchstone on which Heidegger's thought is tested The results of such a critical examination are important not only for a better understanding of psychopathological phenomena but also for a new understanding of Heidegger's approach to human existence This work treats the phenomenon of mental disorder as a philosophical problem that reflects the ontological character of human existence Heidegger's approach to mental disorder is confronted with the conceptions of Foucault Deleuze and Guattari in a novel way The book is more than just an historical overview as it highlights the limits of phenomenological thought in the area of psychiatry and it shows a possible way of moving beyond them This is a philosophical work with an interdisciplinary range Scholars of philosophy and those in the growing field of philosophy of psychiatry as well as those with an interest in Heidegger Studies will be particularly interested in this work

Mary Sidney, Lady Wroth Margaret P. Hannay, 2010 In this first full length biography of Lady Mary Wroth Margaret Hannay's reliance on primary sources results in some corrections as well as additions to our knowledge of the lives of Wroth and of her children The narrative is enhanced with a chronology family trees of the Sidneys and the Wroths a map of Essex showing places where Wroth lived a chart of family alliances portraits and illustrations from her manuscripts

Protestant Exiles from France in the Reign of Louis XIV, Or, The Huguenot Refugees and Their Descendants in Great Britain and Ireland David C.A. Agnew, 1871

Ideas and Contexts in France and England from the Renaissance to the Romantics John Hearsey McMillan Salmon, 2000 These essays examine the thought and works of a series of writers on political thought religion historiography and literature from the 16th century to the 19th Throughout the author is concerned to situate individual thinkers in the context of their times and in many of the essays to illuminate the links between intellectual currents in France and England Particular topics include Gallicanism Neostoicism the historical novel and constitutionalism while the figures dealt with range from Bodin and Hotman in the Renaissance to Descartes and La Rochefoucauld in the Grand Si cle and Condorcet and Diderot in the Enlightenment Less familiar figures include the Oxford historian Degory Wheare and the French constitutional theorist Henrion de Pansey Among the topics treated in the

Romantic era are comparisons between the French and English revolutions and the French obsession with Oliver Cromwell

The New American Encyclopedic Dictionary Robert Hunter, Edward Thomas Roe, Le Roy Hooker, Thomas W. Handford, 1907

Universal Dictionary of the English Language Robert Hunter, 1899

Operas in English Margaret R. Griffel, Adrienne Fried Block, 1999-10-30 Operas in English have a long rich and varied history encompassing everything from the English masques of the 17th century to today's crossover music dramas such as *Harvey Milk* and *Rent*. This book covers in detail more than 3 500 English texted operas by composers including Purcell, Handel, Britten, Bernstein and Musgrave. Most were born in English speaking countries but the list also includes such composers as Weill, his American stage works and Henze, his operas with dual English/German texts. The work provides specific information not accessible in the usual sources such as premiere details, plots, characters and casts. The work begins with an historical overview. Many entries include scores, librettos, bibliographies and discographies. Cross references, four appendixes, composers, librettists, authors and sources and a chronology and three indexes, characters, performers and general, make this an exceptionally useful reference tool.

Judith Man Amelia A. Zurcher, 2017-03-02 An Epitome of the History of *Faire Argenis* and *Polyarchus* is Judith Man's English translation of a 1623 French work by Nicolas Coeffeteau, *Histoire de Poliarque et d'Argenis*, which is itself an abridgement and translation of one of the most widely read fictional works of the seventeenth century, John Barclay's 1621 Latin romance *Argenis*. An extended political allegory of the rise to power of the French king Henri IV, Barclay's romance is peppered with numerous veiled anecdotes of politics at the English and other European courts and long disquisitions on statecraft and political ethics. It has been assumed that Barclay's work was strictly for a male audience but Man's translation is evidence that women did in fact read *Argenis* and might even suggest that allegorical romance offered women writers and readers an inroad into political discourse.
