## **Contemporary Choral Work With Boys:**

*Contemporary Choral Work with Boys* Ashley Martin, Martin Ashley, Jd, 2014-11-03 The choral world is drifting and in need of solutions in relation to one of its most enduring problems the shortage of male singers *Contemporary Choral Work with Boys* offers a radical re appraisal of the situation based on a unique combination of scholarly work on the sociocultural aspects of young male singing with similar cutting edge work on the physiological The book provides clear lucid information on the nature of puberty and later adolescence and the impact these times have upon both the vocal mechanism and the social self New data answer many questions about whether or not trends in the timing of puberty are causing voices to break earlier and how choir directors and singing teachers need to respond The book contains a significant amount clinical reference material but the text and presentation is designed to serve primarily as a practical handbook Thus readers will be able to access the practical advice readily whilst having access to more detailed scientific information as and when they need it Pitched at a level that will appeal to those who have some experience of working with choirs that include young male singers or would like to include such singers it should answer questions that such readers will inevitably have through their experience While Professor Ashley s book will stimulate much debate and no little soul searching it will encourage organizations associated with choral singing to explore exciting new initiatives to break the deadlock of the missing males in choral singing

**Choral Singing** Ursula Geisler, Karin Johansson, 2014-10-16 What role does contemporary choral activity play in the construction of social and musical meaning How can historical knowledge and analysis shed light on contemporary choral problems and possibilities And how can choral research promote the development and expansion of new music today Questions like these are addressed in this anthology from a wide range of disciplines and perspectives The book comprises a selection of papers presented at the International Conference on the Concepts and Practices of Choral Singing in Lund Sweden in October 2012 The aim of the conference was to highlight the contemporary dynamic developments in choral research and to explore interdisciplinary investigations and interaction between practice based and historical approaches The conference was also the fourth meeting of the network Choir in Focus which was initiated in 2009 at Southern Choral Centre K rcentrum Syd a joint venture between Malm Academy of Music the Department of Musicology Odeum all at Lund University Malm Symphony Orchestra and Music South Musik i Syd Sweden The continuous ambition of the network has been to provide a forum for co operation across national and disciplinary borders and to encourage debates around the musical and social function of choirs in modern society as mirroring collective and individual needs for meaning music making and well being In the introductory chapter the editors describe choral practice as a field of simultaneous re presentation re production and re creation and suggest that these three aspects may be seen as umbrella themes for the fifteen chapters of the anthology The authors come from Sweden Norway Finland Estonia Germany United Kingdom Portugal and Belgium and explore choral practice from differing theoretical and methodological starting points Together they

contribute to a transdisciplinary discussion about the origins functions and meanings of choral singing     Choral Music  
 Avery T. Sharp,James Michael Floyd,2011 This is an annotated bibliography to books recordings videos and websites on
