Lesson Planning for Math Instruction with the Common Core Standards Elizabeth Chapin-Pinotti,2012-10-27 Lesson Planning for Math Instruction with the Common Core Standards is a professional development tool for teachers administrators and all educators who want to develop a deeper understanding of the grade level Common Core Standards in Mathematics This template program is designed for teachers to articulate with their peers and learn the Common Core Standards as they plan grade level lessons to use in their classrooms

The Interdisciplinary Teacher's Handbook Stephen Tchudi,Stephen Lafer,1996 No matter what you teach or how long you ve been teaching The

Interdisciplinary Teacher's Handbook will help you inspire the curiosity and motivation at the heart of students' best learning experiences. True advocates of localized exploration-based methodology, Tchudi and Lafer present a thoughtful approach to interdisciplinary teaching with lots of advice on developing your own program and curriculum. Rather than reduce interdisciplinary education to either theory or practice, Tchudi and Lafer offer a full explanation of how the two areas can work together. They provide a rationale for interdisciplinary teaching so that you can understand the why before accepting the how. Since the teacher's attitude is as important as the student's, Tchudi and Lafer include brief exercises that ask you to reflect on your most powerful learning experiences so that you can discover ways in which interdisciplinary methods match your natural thought processes. These intermusings enable you to introduce new methods with an experiential understanding of how underlying theories work. Tchudi and Lafer never lose sight of the day-to-day difficulties teachers and administrators face. They offer practical information on several levels. The second part of the book is filled with Interdisciplinary Jumpstarters: ideas for organizing interdisciplinary projects on a number of topics, complete with lists of additional materials. Throughout the book, Tchudi and Lafer suggest resources for interdisciplinary teaching that are commonly overlooked, such as local businesses, government agencies, and people and places with histories and stories to tell. Administrators and teachers at all levels and from all disciplines will find inspiration and practical support in *The Interdisciplinary Teacher's Handbook*.
