draws insights from some of the world's most innovative thinkers. He then blends in a super-curated, field-tested set of fixes proven through hundreds of creative sessions to raise our thinking game to a more mindful level. Regardless of playing field, mindful thinking is the new competitive advantage, and the seven fixes are a magic set of tools for achieving it. **Winning the Brain Game** will lead you to better decision making, higher levels of creativity, clearer strategies, and overall success in business work and life.
