All That Was Not Her Todd Meyers, 2021-12-20 While studying caregiving and chronic illness in families living in situations of economic and social insecurity in Baltimore anthropologist Todd Meyers met a woman named Beverly In All That Was Not Her Meyers presents an intimate ethnographic portrait of Beverly stitching together small moments they shared scattered over months and years and following her death into the present He meditates on the possibilities of writing about someone who is gone what should be represented what experiences resist rendering what ethical challenges exist when studying the lives of others Meyers considers how chronic illness is bound up in the racialized and socioeconomic conditions of Beverly's life and explores the stakes of the anthropologist's engagement with one subject Even as Meyers struggles to give Beverly the final word he finds himself unmade alongside her All That Was Not Her captures the complexity of personal relationships in the field and the difficulty of their ending

Over to You John Berger, Yves Berger, 2024-11-12 Compelling and intimate this collection of never before seen letters between the celebrated art critic and essayist John Berger and his son Yves an artist is a moving look at their musings on art memory life death and beyond Written between 2015-16 with 53 color images of well known old masters and contemporary art as well as some of the Bergers own drawings and watercolors Over to You is an informal back and forth not unlike the ping pong games father and son used to play in the barn of their house It begins when John who is in a Parisian suburb sends Yves who is in Haute Savoie an envelope of reproductions of art that have moved him And so they begin to reveal their thoughts looking at a Goya

Watteau Twombly Joan Mitchell Durer Caravaggio Manet and Euan Uglow among many others But the art is just a way to summon shared emotions and memories as well as deepen their understanding of the world and its mysteries John at 89 is the more formal teacher Yves at 39 comes across as the younger philosophical artist There are John s thoughts on the use of color light and space in say a D rer or a Beckmann to the question of staying fully alive or Yves noting how much in life exceeds our understanding the gap between our consciousness and our feeling between the said and the unsaid That s the zone where I would like us to meet Are you coming He asks his father I may need other eyes to confirm what is really there Like your eyes always did This is an exceptional and moving tribute to a relationship between a father and son and between two artists as well as a thought provoking look at questions we all have about work time the universe life and death

**Approaches to Drawing in Architectural and Urban Design** Fabio Colonnese,Nuno Grancho,Robin Schaeffer,2024-04-04 Architects draw for a variety of purposes they draw to assimilate places and precedents to generate ideas to develop a concept into a consistent project in a team to communicate ideas and solutions to patrons and clients and to guide building contractors during the construction stages as well as to produce further elaborations in order to publish their project in a treatise a journal or their own portfolio Most importantly architects draw to think and to manage complexity in a visual way By taking into account innovative and interdisciplinary uses of architectural drawing in the design process both historical and current the collection of chapters and interviews in this book frames a new critical perspective and a uniquely contextual appreciation of drawing as a way to encourage spatial thinking and practice in architecture and urbanism The authors take the discussion to a new level of philosophical sophistication while also considering drawing in relation to a series of specific engagements with urban development planning and architecture John Berger Andy Merrifield,2013-02-15 With a career in literature and art spanning more than sixty years John Berger is characterized by an independent and anti institutional approach to creativity Working in a range of media including novels painting essays and scriptwriting Berger s voice has resounded through mainstream and alternative culture alike He is perhaps best known for his seminal book of art criticism Ways of Seeing published in 1972 Tied directly into a four part BBC television series the book presented a radical new interpretation of Western cultural aesthetics In the same year Berger s experimental novel G was awarded the Man Booker Prize for Fiction cementing his reputation as a boundary pushing writer and thinker In this concise yet detailed study of Berger s life and work the first for decades Andy Merrifield sheds light on Berger the man the artist and the concerned citizen Merrifield shows Berger to be a figure who constantly strives to open up new horizons and also reveals the depth of feeling that infuses even his most intellectual work In this sense Berger is a creator who feels reality like the irrationalist Rousseau yet is also a meticulous realist probing objects critically and rationally like Spinoza John Berger stitches together art literature biography and politics into a lucid coherent whole The result is a reader friendly freewheeling narrative which gives fascinating insight into one of the most influential thinkers of our times The book is
