Computers Ahead Cbse Class X Rajiv Mathur,2004

Computers ahead is a series of 8 books recommended for use by students in classes 3 to 10. It offers a learning based hands on approach to the subject. Here are some salient features of the books meant for classes IX and X. More in depth treatment as compared to other books while the books are based on the CBSE syllabus the author has not hesitated to go a little beyond wherever necessary to achieve completeness. For example a chapter on queries reports and forms chapter 5 class X has been added in the database section to enable students to retrieve meaningful information from a database. The books focus on practical applications and skills rather than on theoretical knowledge that is they have a beyond the classroom approach. Lab work offers interesting exercises for practical learning as well as understanding and reinforces the concepts. It also provides an overview on tackling day to day work and business situations. The special chapter on its applications gives the learner a taste of real life practical learning. The projects are dealt with in greater detail than in other books. The material is presented in a step by step self learning tutorial format with real screen captures to ease the learning process. The real life screen captures enable the students to go through the book even when offline. There are a sufficient number of exercises based on the CBSE pattern to reinforce concepts and give examination orientation. Sample question papers at the end of the class X book can be used for self assessment before the exams. The important points are summarized at the end of each chapter. Practical applications are explained and illustrated with the help of figures diagrams tables and schematic representation which are student friendly as well as interesting. They aid in faster and easier grasping of the concepts. **Proceedings**, 1994
