This copyright is the protection of ownership rights to the contents of the book. The information written in any book in the copyright page states the extent to which you can use the contents and who to contact before usage. Copyright abuse is a great crime all over the world. It can cost you money and your freedom imprisonment if infringed upon. You must be careful when inputting any content on Amazon for publication. For example, if there are lines you copy from other sources without doing proper referencing, Amazon will not publish the title and can block your account. The copyright page contains the Copyright owner who is an author.
