Common Culture 7th Edition :

Globalization and American Popular Culture Lane Crothers,2021-02-12 Now in a fully updated edition this concise book explores the ways American movies TV music fast food sports gaming and fashion influence globalization Projecting the future impact of popular culture from both the United States and elsewhere Crothers makes a powerful argument for its central role in shaping global politics and economies **The Bloomsbury Handbook of Popular Music and Youth**

Culture Andy Bennett,2022-12-29 The Bloomsbury Handbook of Popular Music and Youth Culture provides a comprehensive and fully up to date overview of key themes and debates relating to the academic study of popular music and youth culture While this is a highly popular and rapidly expanding field of research there currently exists no single source reference book for those interested in this topic The handbook is comprised of 32 original chapters written by leading authors in the field of popular music and youth culture and covers a range of topics including theory method historical perspectives genre audience media globalization ageing and generation **The Popular and the Sacred in Music** Antti-Ville Kärjä,2021-11-28 Music as

the form of art whose name derives from ancient myths is often thought of as pure symbolic expression and associated with transcendence Music is also a universal phenomenon and thus a profound marker of humanity These features make music a sphere of activity where sacred and popular qualities intersect and amalgamate In an era characterised by postsecular and postcolonial processes of religious change re enchantment and alternative spiritualities the intersections of the popular and the sacred in music have become increasingly multifarious In the book the cultural dynamics at stake are approached by stressing the extended and multiple dimensions of the sacred and the popular hence challenging conventional taken for granted and rigid conceptualisations of both popular music and sacred music At issue are the cultural politics of labelling music as either popular or sacred and the disciplinary and theoretical implications of such labelling Instead of focussing on specific genres of popular music or types of religious music consideration centres on interrogating musical situations where a distinction between the popular and the sacred is misleading futile and even impossible The topic is discussed in relation to a diversity of belief systems and different repertoires of music including classical folk and jazz by considering such themes as origin myths autonomy ingenuity and stardom authenticity moral ambiguity subcultural sensibilities and political ideologies

Television in Black-and-white America Alan Nadel, 2005 La couverture indigne Alan Nadel's new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences Television did not invent whiteness for America but it did reinforce it as the norm particularly during the Cold War years Nadel now shows just how instrumental it was in constructing a narrow conservative and very white vision of America During this era prime time TV was dominated by adult Westerns with heroes like The Rebel's Johnny Yuma reincarnating Southern values and Bonanza's Cartwright family reinforcing the notion of white patriarchy programs that Nadel shows bristled with Cold War messages even as they spoke to the nation's mythology America had become visually reconfigured as a vast Ponderosa crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism racial poverty and increasingly vocal civil rights demands

The poultry yard Elizabeth Watts, 1893

The Poultry-yard William Charles Linnaeus Martin, 1893
