## **Commonsense Guide Successful Internet Dating:**

**Intimacy on the Internet** Lauren Rosewarne, 2016-04-14 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections be it a committed relationship a hook up or a community in which to dabble in fringe sexual practices Popular culture film narrative television the news media and advertising present two very distinct pictures of the use of the Internet as related to intimacy From news reports about victims of online dating to the presentation of the desperate and dateless the perverts and the deviants a distinct frame for the intimacy Internet connection is negativity In some examples however a changing picture is emerging The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news resulting in more positive spin advertising and a more even handed presence of such liaisons in narrative television and film Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender sexuality technology and the changing mores regarding intimacy **Critical Thinking About Sex, Love, and Romance in the Mass Media** Mary-Lou Galician, Debra L. Merskin, 2007-07-10 Critical Thinking About Sex Love and Romance in the Mass Media investigates how romantic coupleship is represented in books magazines popular music movies television and the Internet within entertainment advertising and news information **Cold Intimacies** Eva Illouz, 2013-04-23 It is commonly assumed that capitalism has created an emotional world dominated by bureaucratic rationality that economic behavior conflicts with intimate authentic relationships that the public and private spheres are irretrievably opposed to each other and that true love is opposed to calculation and self interest Eva Illouz rejects these conventional ideas and argues that the culture of capitalism has fostered an intensely emotional culture in the workplace in the family and in our own relationship to ourselves She argues that economic relations have become deeply emotional while close intimate relationships have become increasingly defined by economic and political models of bargaining exchange and equity This dual process by which emotional and economic relationships come to define and shape each other is called emotional capitalism Illouz finds evidence of this process of emotional capitalism in various social sites self help literature women's magazines talk shows support groups and the Internet dating sites How did this happen What are the social consequences of the current preoccupation with emotions How did the public sphere become saturated with the exposure of private life Why does suffering occupy a central place in contemporary identity How has emotional capitalism transformed our romantic choices and experiences Building on and revising the intellectual legacy of critical theory this book addresses these questions and offers a new interpretation of the reasons why the public and the private the economic and the emotional spheres have become inextricably intertwined **I Can't Believe I'm Buying this Book** Evan Marc Katz, 2003 Provides practical advice for online dating covering such topics as choosing the right Web site writing effective profiles writing an introductory letter and meeting for a date **Christian Counseling 3rd Edition** Gary R.
