Ventura, Donald S. Gudhus, 2013-07-23 Retirement used to be funded by defined benefit plans pensions and Social Security

but that's not always the case anymore. With the economy shifting and Social Security funding marked by uncertainty, it has become important for individuals to fund their own retirement accounts. The best way to do this is by saving money in individual plans such as 401(k)s, 403(b)s, and IRAs. The overall economy isn't the only thing that's changed. Many women are now the primary financial decision makers in their households, even though historically women have been underserved by the financial community. This guidebook seeks to help you make financial decisions that will promote financial security for yourself and your family, compare investment choices, and pick the ones that are best for you, manage the tax implications of withdrawals, and pursue strategies that improve your chances of maximizing returns. The cost of retirement continues to go up along with health care costs and prices for necessities like food and gasoline. It's time to take responsibility for your retirement; you can start today with **Women Retirement Planning**.

Discover the Right Retirement for You Joseph "Jay" Totter, 2020-08-04

What comes to mind when you think of retirement? An age? A date? A budget? Do you regard it as a reward for work well done or the inevitable end of a life well lived? What do you envision doing once you are no longer working? If any of these questions seem daunting, this is the book for you. The author, an experienced and skilled human resources administrator, frequently encountered individuals who had not done any retirement planning beyond selecting a date and estimating a budget. He also discovered how limited the retirement literature was, with most of it focused on the financial aspects to the exclusion of a myriad of other factors that go into creating a satisfying retirement. Thus began a two-year journey of research and writing to create **Discover the Right Retirement for You**, the most comprehensive guide to retirement planning currently available. Carefully crafted to be used by the 44 million Baby Boomers who are retiring at the astonishing rate of 10,000 each day, this remarkable resource contains comprehensive information written in comprehensible language about the many components of retirement and connects the reader to others like themselves. It is a reference book with facts and figures, a workbook with worksheets for self-inventory and reflection, and a storybook with anecdotes about retirement expectations and experiences. Distilled from extensive interviews with people just like you, **Discover the Right Retirement for You** invites you to explore retirement from such diverse perspectives as its effect on your health, self-image, and family, while also addressing the financial aspects. Whether retirement is right around the corner or a few years away, this is the guidebook you need to create the right retirement for you.

Create Your Own Rewarding Retirement Joseph (Jay) Totter, 2021-03-10

Congratulations on your retirement! What type of retirement did you select? Retirement with no work? Phased-in retirement with phased-out work? Retirement with part-time work? Or did you select no retirement with continued work? Regardless of which type of retirement you selected, it is the right retirement for you. You are now entering a new phase in your life journey that will last 20 years on average. In many instances, it will last a lot longer, with many of you living a retirement that equals or even exceeds that of your work life. Regardless of the type of retirement you have chosen or how long it lasts, it will be more rewarding if you take charge and create short and long-term retirement goals as a guide for your daily life. The time will fly.

by just like it did when you were working In order to help you with the next phase of your life journey Create Your Own Rewarding Retirement has been designed as a companion text to Discover the Right Retirement for You in which you discovered the type of retirement that was best for you This book goes beyond that to help you create and complete your goals after you retire The reader has several choices as to how to use this book You can use it as a workbook by completing all of the chapter worksheets and creating your retirement goals or you can use it as a history book to chronical your journey as you create and complete each goal or you can use it as a storybook about the retirement expectations and experiences of people just like you Each of choices will be of value to you Ideally this book is intended to be used in all three ways and it is recommended that you do so to achieve the maximum value from it Remember that you and you alone have the ability to make an ordinary retirement into an extraordinary one
