'Health is wealth' is a well known saying. Without good health, life is a burden. When we fall ill, we are unhappy. We cannot work or play. Germs cause illness. These are very small living things. They live on dirt and grow in darkness. They get into our body by air, water, food or cuts in the skin and make us ill. Dirt and darkness are the enemies of good health. They breed germs. Sunlight and cleanliness destroy them. So we must keep our body clean and do exercise daily to keep ourselves healthy. Bad habits like not taking bath daily and not maintaining hygiene must be avoided.
