Class 8 Science Punjab Text Board:

(Re)Constructing Memory: Textbooks, Identity, Nation, and State James H. Williams, Wendy D.

Bokhorst-Heng, 2016-07-08 This book engages readers in thirteen conversations presented by authors from around the world regarding the role that textbooks play in helping readers imagine membership in the nation. Authors' voices come from a variety of contexts: some historical, some contemporary, some providing analyses over time. But they all consider the changing portrayal of diversity, belonging and exclusion in multiethnic and diverse societies where silenced, invisible, marginalized members have struggled to make their voices heard and to have their identities incorporated into the national narrative. The authors discuss portrayals of past exclusions around religion, ethnicity, sexual orientation as they look at the shifting boundaries of insider and outsider. This book is thus about who we are, not only demographically but also in terms of the past, especially how and whether we teach discredited pasts through textbooks. The concluding chapters provide ways forward in thinking about what can be done to promote curricula that are more inclusive, critical and positively bonding in increasingly larger and more inclusive contexts. *Behavioural Science Research in India, a Directory: 1966-68. In this remarkable study well-known biographer Rajmohan Gandhi underscoring the prominence in the Mahabharata of the revenge impulse follows its trajectory in South Asian history. Side by side he traces the role played by reconcilers up to present times like the Buddha, Mahavira and Asoka. Encompassing myth and historical fact, the author moves from the circumstances of Drona's death and Parasurama's slaying of the Kshatriyas to the burst of Islam in India and Akbar's success in gaining acceptance for it, the executions of Guru Arjan Dev and Guru Tegh Bahadur and Shivaji's achievement of self-rule. His explanation of the 1947 division of India identifies the role of the 1857 Rebellion in shaping Gandhi's thinking and strategy and reflects on the wounds of Partition. The survey of post-Independence India, Pakistan, Bangladesh and Sri Lanka also touches upon the tragic bereavements of six of their women leaders. Incisive and finely argued, *Revenge and Reconciliation* compels us to confront historical and contemporary realities of intolerance while pointing to possible strategies of mutual accommodation in India and the rest of South Asia at the threshold of the twenty-first century.
