How to Setup a Windows PC Jeff Blum, 2021-07-14 UPDATED SECOND EDITION JUNE 2021 We spend so much of our digital lives using a computer but often don't give enough attention to its setup and configuration. That's a missed opportunity since doing it well can supercharge your productivity and safeguard your important data. The topics discussed in this book not only apply to a new computer but can be used to verify that your current computer is optimized for productivity and security as well. The steps I discuss include everything you need to know and do to get the best Windows user experience.
